5 Hurt as Truck Crashes Bridge Approach

VIADUCT COMES TUMBLING DOWN — Another section of the Washington Avenue viaduct, a Kingston landmark for nearly 50 years, comes crashing down under the impact of a demolition ball swung from crane at far right. Traffic on the new bridge which replaces the viaduct started moving across the new section shortly after noon Tuesday. John Arborio Inc., contractor for the project started the demolition work the next day. (Freeman photo)

Traffic Is Held Up Two Hours

Two Cars Involved In Evening Mishap

Five persons were injured and the Rondout Creek Bridge was damaged to the extent of hampering traffic for more than two hours in a mishap involving a trailer truck and two cars at Wurts and Abeel Street shortly after 6 p. m. Thursday.

Concrete housing on cable moorings on the south side of the span was severed from its base, but first inspection indicated that the bridge was safe for travel. Another inspection was in progress today.

Injured were Morton MacDonald, 19, of 7 East Pierpont Street, right knee and face; LeRoy Rowles, 2, same address, cut chin; Lorraine Oppenheimer, 47, 21 Navara Street, right eye; George Lee, 30, of 97 Euclid Avenue, Brooklyn, back and right hand; George Lee 3rd, 4, same address, head injury. The latter two were reported in fair condition at Kingston Hospital today. The others were treated there and discharged.

Donald Durkin, 4, of 11 Meadow Street, was also taken to the hospital for examination, but had suffered no apparent injuries.

Collides With Car

The trailer truck hauling cement and headed down Wurts Street, was owned and operated by Ray Russell of Catskill. It first came in contact with a car driven by George M. Lee, 30, of 97 Euclid Avenue, Brooklyn, headed south on Abeel Street, which was forced into the car of Henry Oppenheimer, 53, of 21 Navara Street, as it was about to move north on Abeel Street.

All of the injured, except Lorraine Oppenheimer, were riding in the Lee car. Both Fatum and Doctors ambulances were dispatched to the scene. Officers Sheldon O'Rourke, George Dougherty, Leon Fitzgerald, Weston Hoffay, Richard Scherer, and Detective William Slover were dispatched to investigate and direct traffic. Firemen from Cornell Station flushed gasoline from pavement.

The span was reopened to traffic at 8:10 p. m. A Doctors' ambulance remained on the Port Ewen side to be ready in the event of further emergency.

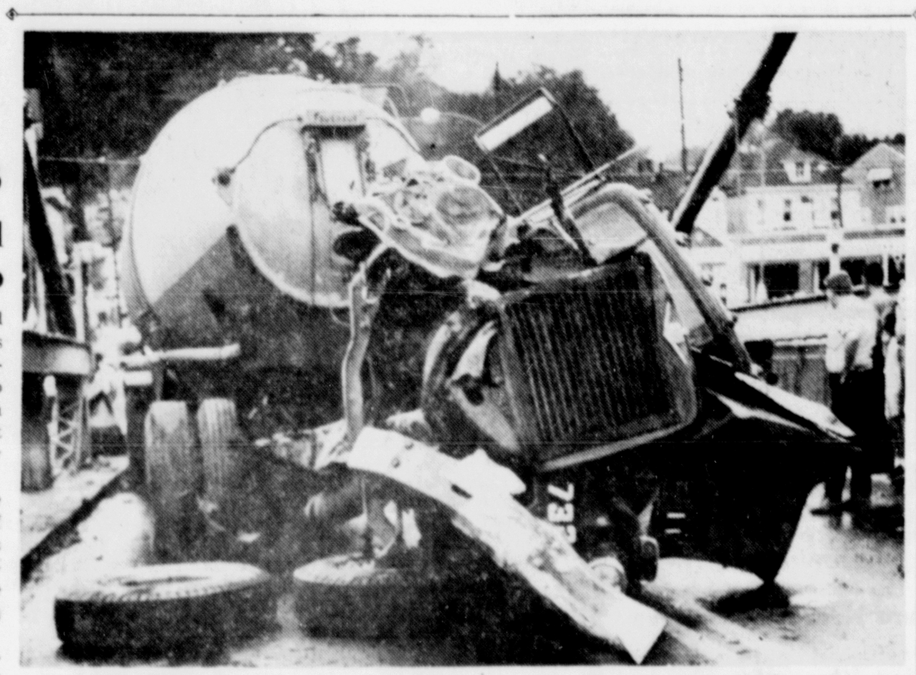

Calls for Investigation

Alderman Frank C. Sass (D) Seventh Ward today said he had contacted M. Nicholas Sinacori, district state engineer at Poughkeepsie, and asked for a thorough investigation to determine if more damage was caused by the mishap than appeared on sight.

Sass said he was told that damage appeared not to be serious after first examination last night, but inspection today would be more thorough. The only announcement to be made, Sinacori said, would be in the event it were found necessary to close the bridge. Sass also requested detour of school buses, and was told it would be done.

The alderman said he recalled temporary closing of the span after cable housing had been moved only six inches in a similar mishap.

The bridge was inspected recently by state engineers in preparation for reconditioning pending the building of a new span.

BRIDGE MISHAP BRINGS HEAVY DAMAGE — A tractor pulling a cement-hauling trailer ended in a pile of wreckage after striking the Rondout Creek Bridge in a three-vehicle mishap Thursday. Housing over cable mooring was knocked from its base. Five persons were injured, but the driver of the tractor-trailer, Ray Russell, of Catskill, apparently escaped unhurt. (Freeman photos)

JFK Says Test Ban Big Step

Tells U.N. Cold War Pause Noted

By FRANK CORMIER

UNITED NATIONS, N.Y. (AP) —President Kennedy said today the world may have reached "a pause in the cold war." He suggested it be dramatized by a U.S.-Soviet expedition to the moon with the two nations pooling research and experience in space.

In a major foreign policy pronouncement before the United Nations, Kennedy said the negotiation of a limited nuclear test-ban treaty—which he predicted would win "overwhelming endorsement" from the U.S. Senate next week—could prove "the start of a long and fruitful journey" toward peace.

And he said it might be followed by a joint American-Soviet effort to place the first humans on the moon, "not as the representatives of a single nation, but the representatives of all humanity."

In his address prepared for delivery to the 18th General Assembly, Kennedy also called for steps toward disarmament and a broader test ban, abolition of racial and religious discrimination everywhere, and new efforts to strengthen the United Nations as an instrument of international cooperation.

Address Awaited

The President's address had been awaited with mounting interest because it followed by one day a generally conciliatory talk to the General Assembly by Soviet Foreign Minister Andrei A. Gromyko.

In his only reference to Gromyko's talk, Kennedy said:

"We must continue to seek agreement, encouraged by yesterday's affirmative response to this proposal, by the Soviet foreign minister, on an arrangement to keep weapons of mass destruction out of outer space."

With the reference to Gromyko's speech, which also called for a summit conference on disarmament next year, Kennedy went on to make his dramatic proposal for the joint moon shot.

Have Special Capacity

In space, Kennedy said, both the United States and the Soviet Union have "a special capacity." Furthermore, he argued, both have agreed through the United Nations that they will make no territorial claims in space.

Having prepared this backdrop, Kennedy said:

"Why, therefore, should man's first flight to the moon be a matter of national competition? Why should the United States and the Soviet Union in preparing for such expeditions, become involved

More Liberal Soviet Farm Trade May Come

By OVID A. MARTIN
Associated Press Farm Writer

WASHINGTON (AP)—The United States appeared today to be on the threshold of new and more liberal agricultural trade relations with the Soviet bloc.

Whether it will cross the threshold may depend more on the Soviet leaders than American. A friendly gesture in the form of a Communist offer to buy surplus U.S. wheat could bring expanded trade with the Soviet Union and its satellites.

Soviet purchases this week of $500-million worth of Canadian wheat and $90-million worth of Australian wheat has wheat the appetite of American producers, traders and some government officials for a piece of the big Iron Curtain market.

Would Cash In

Lawmakers from farm states have joined to demand that the United States try to cash in.

Actually, barriers to sales of U.S. farm products to the Soviet bloc have been more imaginary than real. No laws or regulations ban such sales. In recent years Communist countries have bought a small quantity of some specialty American items, but none of the major crops such as grains, cotton, tobacco, and the like.

A major factor inhibiting U.S.-Soviet trade is that this country supports some farm prices above world market levels.

Cheaper Elsewhere

To make these products competitive in international trade, the government has offered subsidies on exports. But the subsidies have been denied shipment to the Soviet Union. Thus Moscow could and did buy more cheaply elsewhere.

But a Soviet offer now to buy American wheat doubtless would bring a change in the government's subsidy policy. Certainly present agitation appears to favor such action and high administration officials have hinted that they favor it.

There are a number of factors which would make expanded trade advantageous to this country.

Sales Would Help

Sales of U.S. farm products to the Soviet Union for dollars would help improve a troublesome foreign exchange situation. In addition, such sales could reduce grain surpluses which now are weighing heavily on farmers' markets and income, as well as on the Treasury.

There is a danger, though, of expecting too much from improved U.S.-Soviet trade relations.

Trade between the two has never been large. The Soviets are buying wheat abroad now largely

Rocky to Attend Nov. 2 Opening Of Newburgh Span

Dr. John L. Edwards, chairman of the New York State Bridge Authority, announced today that he had received word from Gov. Rockefeller that the governor would attend the opening of the Newburgh-Beacon Bridge Saturday, Nov. 2. The Bridge Authority has scheduled the opening to commence at 11 a. m. at the request of Gov. Rockefeller.

The Bridge Authority, in conjunction with the Bridge Celebration Committee and the Newburgh Automobile Club, are formulating plans to celebrate the opening of the bridge.

Interstate Route 84 east and west of the Newburgh-Beacon Bridge will be opened to traffic at the same time that the bridge is opened Nov. 2.

When the bridge is opened Nov. 2, ferry service, which has been running for over 200 years between the cities of Newburgh and Beacon, will discontinue. The celebration committee and the Bridge Authority are plan-

Gov.'s Kin Would Seek Wharton Job

NEW YORK (AP)—Alexander Aldrich, a cousin of Gov. Rockefeller, has told friends in Washington that he plans to seek the Republican nomination for Congress in New York's 28th district next year, the New York Times said today.

Expected to Retire

A Washington dispatch said Aldrich, 35, is reportedly convinced that the Republican leaders of the five counties in the Hudson River Valley district will support him for the nomination upon the expected retirement of Rep. J. Ernest Wharton, 63, of Richmondville.

Aldrich, when asked in New York City about the story, said: "'. . .I never would run against the incumbent, Congressman Wharton, under any circumstances and I have no reason to presume he will not seek re-election.

"Also, I have been given a new assignment as an aide to Gov. Rockefeller in the last few days and this is an important job, and I am devoting my time to it. I don't want to speculate on what might happen a year from now. . ."

Rockefeller this week appointed Aldrich as his executive assistant in a reshuffling of the executive staff. The reshuffling was viewed as a move to gear the staff for Rockefeller's expected bid for next year's Republican nomination for president.

A short time before that, Rockefeller had named Aldrich the state administration's coordinator on civil rights matters. He still holds that post. Aldrich previously served as director of the State Division of Youth.

The Times said Aldrich had as-

Will Award Building Bids Next Week

A special meeting of the Ulster County Board of Supervisors will be held next week at which time contracts will be awarded for the new county office building. Prior to awarding the contracts, chairman of the board Jesse McHugh (R), Shawangunk, said today the figures will be submitted to the entire board for discussion. Following that the Building Committee will offer a resolution and recommend awarding of the contracts to the low bidder.

The Building Committee met Thursday night at the court house and reviewed the bids which were opened Monday, together with the alternates.

Situation 'Complicated'

McHugh today described the situation "complicated" because of the numerous alternates which had been included. However he said the contracts would be awarded to the low bidders after alternates in construction had been given due consideration.

No date has been set for the special meeting of the board of supervisors pending inquiry as to what night next week will be convenient to all members, McHugh said.

Early awarding of the contract is sought so that excavation work can be completed and concrete work laid before cold weather. Erection of steel, McHugh said, could progress during the winter weather and the six-story structure completed during the coming summer. It is hoped the building can be completed before cold weather of 1964.

After being reviewed Thursday night McHugh said the three low bidders were well within the ap-

Commission Welcomed By Birmingham Mayor

BIRMINGHAM, Ala. (AP) — Mayor Albert Boutwell welcomed today the appointment of a presidential commission seeking racial peace in troubled Birmingham.

But he disagreed sharply with Negro leaders who urged President Kennedy to send troops to maintain order in Birmingham, where the Sunday bombing of a church killed four Negro girls.

Kennedy talked to the Negro leaders at the White House Thursday. Five Birmingham community leaders will meet with Kennedy in Washington Monday.

Likes Selection

Boutwell applauded the selection of the former Army football coach, Earl Blaik, and former Secretary of the Army Kenneth C. Royall for the mission to Birmingham, praising them as distinguished and able men devoid of "any stigma of politics or partiality."

"We welcome, as a city and a people, the cooperation of any who are willing to understand our difficulties and be genuinely helpful in their solution," the mayor said.

Royall, 58, an attorney, once was a state senator in North Carolina.

Blaik, 66, is chairman of the executive committee of Avco

Hurley Boy Loses Life as Bicycle And Auto Collide

A 6-year-old Hurley boy was injured fatally Thursday afternoon when his bicycle was involved in a collision with a 1957 sedan on Old Route 209 at the intersection of Fairview Avenue, Hurley.

State Police Sergeant Henry Rhodes, Kingston, said Gregory Havens, son of Donald and Maryann Havens, Fairview Avenue, Hurley was pronounced dead on arrival at Benedictine Hospital shortly after 3:45 p. m.

Ulster County Coroner Francis J. McCardle reported a post mortem was ordered for today and a verdict is withheld pending further investigation.

Trooper John Kohland, Kingston, investigated at the scene. He reported the boy was riding his bicycle down a hill on Fairview Avenue and rode in front of a sedan owned and operated by Anna Eckert, 70, of Krumville, who was traveling south on Old Route 209 at the time of the mishap.

The Havens boy attended St. Joseph's Parochial School.

In addition to his parents, he is survived by a sister, Joanne and a brother, Donald, both at home; his paternal grandparents, Mr. and Mrs. Elmer Havens; his maternal grandparents, Mr. and Mrs. Frank Stauble, all of Kingston.

Funeral will be held from the

Cost Is Factor Considered

Would Take Nearly $50,000 To Eliminate Double Grades

It would cost nearly $50,000 to replace eight combination grades in the Kingston School District Consolidated with single grades, M. Clifford Miller, assistant superintendent of schools says.

He stated that each year for budgetary purposes, the district allows an average of $6,000 for each additional teacher required under the city's personnel estimates. He contended that the cost of $50,000 to replace the combination grades with single grade classes would amount to an increase of about 65 cents a $1,000 of assessed valuation in the school tax rate.

"Thus you can readily see that one must consider the cost factor in reaching a decision as to whether a class should be divided into two sections, or whether a combination grade is more feasible," Miller said. "There are other factors involved in addition to enrollment and cost which are also considered before a determination is made."

Dr. W. Wendell Hoover, superintendent of schools, is scheduled to address members of the Parent-Teacher Association at a meeting Tuesday, Sept. 24, on the subject of combination grades.

The assistant superintendent stated that the last several days he had received a number of inquires from parents regarding the advisability of the educational soundness of combination grades at the elementary level.

"I don't like to refer to preconsolidation days," he said, "but I feel that this question of combination grades was involved in the pros and cons of consolidation."

Commenting on educational advantages of a larger school district, he said under consolidation there would be fewer combination grades, fewer two and four-room schools, and no one-room school. He stated that there are no one, two or four-

20 Portables Are Stolen by Thieves At Ellenville

Investigation of a burglary at Miller's Appliance Store, 91 Center Street, Ellenville, has disclosed the intruders made off with an unknown amount of money taken from the cash register and 20 portable radios.

Sergeant Leo Gorton is investigating the burglary which occurred Wednesday night or early Thursday. Entrance was gained through a rear window that was smashed by the thieves.

Job-Making Agencies Are Little Help, Do Damage

LAKE PLACID, N.Y. (AP) — The president of one of the state's leading industrial associations said today government programs to create more jobs had been of little use and, in some cases, had been damaging.

Joseph R. Shaw, president of Associated Industries of New York State Inc., cited the Area Redevelopment Act, The Small Business Investment Corp., and the Manpower Development and Training Act, all federal programs, and the Job Development Authority, a state program.

The Job Development Authority, one of Gov. Rockefeller's projects, "has thus far made no appreciable dent in our basic problem," Shaw said in a speech prepared for delivery at the association's annual meeting.

He said the Area Redevelopment Act had been "'a gigantic boon-doggle and a sheer waste of taxpayer dollars."

He attacked federal re-training programs as "simply confusion," and stated that the "meager results" of government attempts to stimulate economic growth made it clear that "we must look to a source other than government."

GOPers to Air Tax Views

Are Against Cut Without Brake on U.S. Spending

WASHINGTON (AP) — Republicans tell the nation tonight and Saturday their side of the tax story—why they feel Congress should not cut taxes without a brake on spending.

The reply to President Kennedy's radio and television appeal for his $11-billion tax cut program will be launched this evening by Rep. John W. Byrnes of Wisconsin.

Byrnes, senior Republican member of the tax-writing House Ways and Means Committee, has pledged to "oppose the tax bill with every ounce of energy at my command" unless the House attaches to it a spending lid amendment he has drafted.

The Conference of House Republicans has endorsed the Byrnes amendment.

Byrnes' talk will be carried by the ABC and CBS television and radio networks at 6 p.m. Eastern Standard Time today and by Mutual radio at 6:35 p.m.

Rep. Thomas B. Curtis of Missouri will speak on NBC television and radio at 6 p.m. Saturday. Curtis is senior Republican House member of the Joint Economic Committee and also serves on the Ways and Means Committee.

The networks, which carried on Wednesday Kennedy's appeal for quick passage of the tax bill without limiting amendments, made the equal time available at the request of the Republican National Committee.

Byrnes' amendment makes the cut inoperative unless the President submits in January or before budget estimates of spending not exceeding $97 billion for the present fiscal year, which began July 1, and $98 billion for the succeeding year. Both these figures are under the current estimates of spending.

Republicans contend they cannot rely on pledges, such as the one Kennedy renewed Wednesday, to control spending and drive for a balanced budget as soon as possible. They say the restraints must be spelled out in law.

Look for Dentist In Identification Of Woman's Body

LAKE PLACID, N.Y. (AP) — Police investigators are looking for a dentist who might have treated a long-missing college dean over 30 years ago. He might be able to help determine whether a body found in Lake Placid is that of the woman.

State Police are trying to determine whether the body might not be that of Mrs. Mabel Smith Douglass, who vanished 30 years ago apparently while rowing on Lake Placid. The 56-year-old woman had been vacationing here.

"We have an excellently preserved set of teeth to work with, but we must match them up with X-ray records from her dentist," Dr. James Utterback, a pathologist, told a reporter Thursday.

He said the identity of her dentist had not been learned.

The body was found by skindivers Sunday in a deep, cold section of the lake. The teeth were found by skindivers later.

Mrs. Douglass was dean of a New Jersey women's college later named Douglass College in her honor.

Schoharie School May Discontinue Legion's Award

SCHOHARIE, N.Y. (AP) — The principal of the central school here says two members of the American Legion demanded the return of a Legion award granted a youth who, as a Jehovah's Witness, does not recite the pledge of allegiance.

The principal Marvin Loveys, said he felt certain that the school board at its meeting next Thursday would discontinue Legion-sponsored history and oratory contests.

Loveys told a reporter Thursday that, "this is discrimination."

The youth, Henry Jenner, won the Legion merit award while a senior at the school. He now is a freshman at Rollins College in Florida, Loveys said.

Loveys contends that the demand of the two Legionnaires, members of the Schoharie post, amounted to an act of religious discrimination.

"We will continue operating here on the belief that there will be no discrimination because of race, creed or color—and we will do so even if we must discontinue the American Legion contests," Loveys said.

18 Are in Jail Overnight After Mass CR Arrests

SYRACUSE, N.Y. (AP) — Eighteen persons remained in jail overnight after Syracuse police resumed making mass arrests of persons demonstrating against racial discrimination in housing here.

The arrests occurred Thursday after a moratorium on the civil disobedience campaign was lifted as a result of a breakdown in talks between demonstration leaders and the mayor.

The moratorium had lasted one day.

The demonstration leaders charged Mayor William F. Walsh with bad faith. The city has said it is doing all it can to end discrimination in housing.

Two hundred persons gathered at an urban renewal site in the largest turnout since the demonstrations began a week ago. Police arrested 23, bringing to 61 the number of arrests during the week.

Five of the 23 arrested posted $250 bail and were released. The others refused to accept bail.

Among those arrested were two Syracuse University professors Irwin Deutscher, who heads the university's youth development center and is associate director of the mayor's Commission on Youth, and Warren C. Haggstrom of the school of social work.

Deutscher was among those who posted bail.

The demonstrators, led by the Congress on Racial Equality, contend that Negro families displaced by the urban renewal project are being discriminated against in their efforts to find housing elsewhere in the city.

Walsh has come up with what he terms an "action program" that should meet the demands of any "reasonable group."

It calls for creation of a civil rights commission to deal with complaints of discrimination and a plan to relocate displaced Negroes outside of areas described as racial ghettoes.

Po'keepsieSeaman Pleads Innocent In Cutter Sinking

NEW YORK (AP) — Witnesses in court-martial proceedings have described the events following a "general quarters'" alarm enabling all 35 crew members to escape before a Coast Guard cutter, and the floating drydock on which it rested, sank.

The defendant is Harry D. Lane, 22, of Poughkeepsie, a boatswain's mate 3.c. He is accused of having "willfully damaged" the 205-foot Coast Guard cutter Tamaroa because he did not want to ship on it any longer.

The Coast Guard said Lane had confessed, but he pleaded innocent when the court-martial opened Thursday.

Among Thursday's witnesses was Ensign Edward G. O'Keefe of Teaneck, N.J. He told of being advised by crew members that water was in the drydock and the ship was listing. He went on deck, he said, looked over the side and saw water and "looose keel blocks partially afloat."

He ordered the general quarters alarm and mustering of all hands on the pier.

State Road Jobs Are Resumed by Workers

SYRACUSE, N.Y. (AP) — State highway projects in Central New York were under way again today after the return of construction workers to their jobs.

The workers picked up their tools Thursday after contractors and the operating engineers union agreed to resume talks on the union's claim that it had the right to speak for 100 surveyors and helpers.

The strike began Monday and idled 1,500 men and $30 million in state highway jobs.

Associated General Contractors said it had filed an unfair labor practices charge against Local 545, International Union of Operating Engineers.

The union has asked the National Labor Relations Board to determine whether surveyors want to be represented by the union.

Projects in Syracuse, Ithaca, Rochester, Cortland, Oneida, Alexandria Bay and Edwards were affected by the three-day strike.

Contract Is Reached For National Biscuit

NEW YORK (AP)—Negotiations for the National Biscuit Co. and a union representing 10,000 production workers in 11 plants in the nation agreed on a new contract today, a spokesman for the federal mediation and conciliation service said.

Terms of the two-year contract between the company and the AFL-CIO American Bakery and Confectionery Workers Union were not made public pending union membership action.

The union members have beeen working under an extension of their contract which expired Sept. 1.

Among the plants involved is one in Buffalo.

Undecided on Race

HARRISBURG (AP)— Republican state Sen. Richard C. Frame of Venango County was still undecided today whether to seek the vacant congressional seat of the late U.S. Rep. Leon H. Gavin.

"I have not made a decision, Frame said Thursday after House Majority Leader Albert W. Johnson of McKean County announced his candidacy.

"Before making a decision I must weigh very carefully what are the best interests of my family, the Republican party and the people of the 23rd Congressional district,'" Frame said.

Quality Control Group to Launch Season October 5

Thomas L. Vinson of the IBM Corporation will speak on Development at the Saturday, Oct. 5, meeting of the Mid-Hudson Section American Society for Quality Control.

The meeting, scheduled to start at 7 p. m., will be held at the IBM Country Club.

Battle Is About Over to Prevent NewFloodDamage

BEAUMONT, Tex. (AP)—While volunteers kept on sandbagging weak spots in a threatened levee, a battle to prevent further flood damage near here appeared to be nearly at an end today.

There still was high water from torrential rains which followed hurricane Cindy. Engineers said the forward flow and menacing rise had about stopped, however, at an eight-foot dike protecting suburban Port Acres.

Neighboring Orange County asked to be declared a disaster area. This echoed a plea made the day before by the Civil Defense Council for Jefferson County, in which the largest cities are Beaumont and Port Arthur.

Civil Defense authorities figured flood losses at $9,288,823 in Jefferson County. Orange County Judge Sid Caillavet said preliminary estimates of $1 million damage, mostly to roads, probably would stand for areas outside the city of Orange, where no figure yet was available.

Another call went out for volunteers to man the shaky two-mile-long levee holding back from Port Acres the water in a swollen tributary of the Neches River.

Red Crosss spokesmen said a preliminary survey indicated damage to 3,0000 homes—1,500 in Beaumont, 800 in Port Arthur and 700 in Orange.

Former Chaplain Dies

CHICAGO (AP) — Evangelist George B. Shepardson, 75, a former chaplain at Sing Sing Prison, Ossining, N.Y., died Thursday of a heart ailment.

Shepardson, who had been ill for nine months, had been a church worker for 45 years. He was ordained in the Faith Pentecostal Church.

Trucker Uninjured

Raymond D. Smith, of Graniteville, Vt., apparently escaped injury at 12:45 a. m. today when a tractor-trailer he was operating veered off Route 9W near West Camp and hit a tree, according to a report of Troopers Fred Cooper and Craig Bremer of the Kingston sub-station.

Brushing Is Basic

Many women consider daily hair brushing old hat, yet it helps keep the scalp clean and stimulates circulation and spreads natural oils from the hair root to tip. Clean brushes and combs each time you shampoo your hair.

Wagner Not On Hand as Kennedy Reaches Gotham

NEW YORK (AP)—Mayor Robert F. Wagner, reported at political odds with the White House, did not greet President Kennedy when he arrived from Washington Thursday night.

The Democratic mayor told newsmen at midnight he had contacted the President and would meet with him today.

A Kennedy aide, asked whether Wagner's absence signified friction between the mayor and the President, said, "the only thing this means is that Wagner didn't get to the airport."

Debs Myers, Wagner's executive secretary, said the mayor did not go to Idlewild Airport because he "got jammed up on city business." Another aide said Kennedy's plane was early and Wagner decided he couldn't get to Idlewild in time.

Wagner has been reported irked by apparent White House support of the Democratic leadership in Brooklyn with which he is at war.

Also, the White House is reported displeased with Wagner's fight against Rep. Charles A. Buckley, Democratic leader of the Bronx and a close friend of the President's father, former Ambassador Joseph P. Kennedy.

WAY TO SAVE WATER

The Southwest is trying, as the East has long done, to lure industries to provide jobs for its growing population. But that same population has vastly increased the drain on available water. So has agriculture. Thus little water is left to attract industry.

Recently desalinization has raised hopes. It may some day add to supplies for domestic use. But the lowest figure as yet in sight at which water can be desalted is above 30 cents per thousand gallon average paid by users of metered water. This cost is prohibitive for industry and more so for irrigation farming, one of the biggest users of water in the arid states.

Comes now the University of Arizona hydrologist, Sol D. Resnick, and poses the idea of forcibly recharging ground water supplies from flood runoff. "Flood water from rains," he points out, "is allowed to flow down natural desert drainages and is lost by evapo-transpiration. . . . Only a small amount ever arrives at the ground water table to recharge the supply."

Resnick says the alarming decline in water tables can be reversed only by capturing the floods and propelling their excess waters underground by artificial means. Several experts have hailed this proposal as sound.

Many a visitor to the Southwest, awed by the escaping water of flash floods racing down rocky arroyos to spread out and evaporate on the desert floor, has been disturbed by such waste in a land that needs water so desperately. It is good to see the experts zeroing in on ways to avoid this loss.

TOOLS FOR FREEDOM

Somewhere overseas there's a young student gazing at an American screwdriver with admiring eyes. It's such a strange instrument to him that it's his to fiddle with a few days and get the feel of it before he begins to learn how to use it.

It's probably old-fashioned and badly worn, a discard from an American plant. It is a symbol, though, of one of the lesser gestures of friendship from Americans to those overseas.

This tool came to the small village through the efforts of Tools for Freedom, an organization which grew from the inspiration of a handful of patriotic businessmen.

From a one-room office they solicit other industrialists to pass on discarded or unused tools and machines to be sent overseas. By the end of the 1965, the total value of the donations will be 20 million dollars a year.

Encompassed is everything from files to complete electronics training shops. Industries are allowed to deduct fair market value of their gifts from their taxes.

Much of the material is obsolete by American standards, some practically worn out. But every item is prized by the recipient and becomes a constant reminder in another part of the world that, even though Americans may have other faults, they have big hearts.

Communist China strains to achieve a nuclear blast. Even if it succeeds, its population explosion may cause more havoc in the long run.

IMAGINATIONS IN ORBIT

Ofttimes a reader of science fiction is called a dreamer. Yet, is he?

Science fiction seems to foretell many a practical invention.

For example, in 1626, Sir Francis Bacon's "The New Atlantic," helped inspire the founding of the Royal Society. In it, Bacon predicted airplanes, submarines and the telephone 250 years before Alexander Graham Bell finally invented it.

In 1760, De La Roche's "Giphantia" anticipated the television set by some 150 years.

Jules Verne predicted a variety of inventions; for example, he described the atomic submarine in "Twenty Thousand Leagues Under the Sea," and the helicopter in "Robur the Conqueror."

And, in 1638, "The Man in the Moone" by Francis Godwin demonstrated the moon's gravitational attraction with the earth, even though it was a long time before Sir Isaac Newton stated his gravitational principles.

'These Days'

By JOHN CHAMBERLAIN

THE BALL IS IN KHRUSHCHEV'S COURT

The late Pope John XXIII's "Pacem in Terris" was widely—though surely mistakingly—interpreted as favoring peacful co-existence with Communist ideology both inside and outside the democratic nations. The misconstruction of the Pope's words, which actually endorsed Communist behavior only to the extent that it might prove willing to foreswear Marxist patterns in favor of a return to Christian morality, had its unfortunate effect on the Italian elections. The stories from Rome emphasized many an instance of the good Catholic housewife voting the Communist ticket because her worker-husband, a member of the Communist Party, had told her the Pope wouldn't mind if she did.

This sort of thing apparently won't happen again if Pope John's successor, Pope Paul VI, has anything to do with it. Choosing his words carefully in speaking to a visiting group of clergymen, Pope Paul has laid it down as Vatican policy to "fight Marxism not only in theory but in practice." These blunt words, surely, will filter down to Italian Catholic wives who made the mistake last spring of letting their Communist worker husbands interpret a papal encyclical for them.

As a matter of fact, the tip-off to the Vatican's real attitude toward dealing with the Communists should have been obvious all along from the behavior of Jozsef Cardinal Mindszenty, who was never importuned by Rome to express his willingness to accept exile from Communist Hungary. The Vatican has accepted the Cardinal's insistence that he remain on Hungarin soil in the U.S. Embssy in Budapest. And Pope John XXIII, as it turns out, told Alexi Adzhubei, Khrushchev's son-in-law, that the creation of closer contacts between the Vatican and the Kremlin would need almost as much time as it took the lord to create the earth. "The days of the Bible," the late Pope has been quoted as saying to Adzhubei, "are not days but epochs and the epochs of the Bible are very long. We are now at the first day."

So Pope John, before his death, was waiting for five more Biblical "days"—or epochs—to pass before a concord with the Kremlin might come to pass. And Pope Paul apparently has no disposition to hurry the Biblical pace by giving anything away.

The Vatacan's implied policy of "hurrying things by waiting" tosses the diplomatic ball back to Khrushchev. The boss of the Kremlin can prove good faith in asking for better relations with the Roman church by doing some things that are quite within his own control. There is the case of the 71-year-old Most Reverend Josyf Slipyi, for example. An archbishop of Lvov and Metropolitan of the Catholic Church in the western Ukraine, the Reverend Slipyi, though owing his allegiance to the ritual of the Byzantine church, comes under the political jurisdiction of the Vatican in Rome. The late Pope John managed to spring the Reverend Slipyi loose from political incarceration in Russia, where he had been kept in prisons or detention camps for eighteen years, by demanding his unconditional release to attend the meeting of the Ecumenical Council. Khrushchev, at the time, was having his troubles with Catholics of both the western and eastern churches in Poland,, Hungary and the western Ukraine—and he shrewdly decided that the release of the Reverend Slipyi might serve to allay considerable unrest.

But the Reverend Slipyi, as it turns out, shares Cardinal Mindszenty's distaste for the idea of being exiled from his native soil. Cardinal Mindszenty won't leave the confines of the U. S. Embassy in Budapest until he has the assurance of the Hungarian Communist government that he will be allowed to take up his old duties as Primate of Hungary. And the Reverend Slipyi won't be satisfied until he is permitted to return to the Ukraine as the openly sanctioned head of a Ukrainian Catholic church.

Khrushchev, if he is really sincere in wanting to make peace with the Vatican, could permit the Ukrainian church to emerge from underground by inviting the Reverend Slipyi to return to Soviet territory as a Kremlin-sanctioned head of a restoration. Such a gesture, if coupled with a corresponding grant of unconditional ecclesiastical freedom to Cardinal Mindszenty, would go at least a little way toward proving that Moscow's talk of a "thaw" in east-west relations is more than cynical public relations eyewash.

The Doctor's Mailbag

'Poor Circulation' Covers Multitude of Ailments

By WAYNE G. BRANDSTADT, M.D.
Newspaper Enterprise Assn.

Q—My doctor says I have poor circulation. What do you recommend for this?

A—Since there are several forms of poor circulation, this is a rather vague term.

I would assume, to begin with, that you do not have the extreme form which your doctor would have called heart failure, but rather that your hands and feet are cold at times when other people's are warm.

This could be due to neuro-circulatory asthenia, a very common ailment that goes under many other names such as "effort syndrome" and "chronic vasomotor instability."

This condition is often due to unwarranted worry about the heart.

Another cause of poor circulation could be one of the so-called vascular diseases of the extremities. These include localized hardening of the arteries, and Raynaud's disease and Buerger's disease, in which both the arteries and the veins become obstructed.

Because causes are widely varied, the proper treatment of one cause would not benefit the others. When you doctor has determined the type of poor circulation, he will be able to recommend appropriate treatment, but very often these conditions are hard to cure.

Q—I have rheumatoid arthritis for which I take Plaquenil, Dexamyl, and aspirin daily. If I became pregnant, would these affect the unborn child?

A—Since the discovery that thalidomide taken in the first three months of pregnancy can cause tragic malformations in the fetus, the whole subject of drugs and pregnancy has come under close scrutiny by the medical profession, the drug manufacturers, and the Federal Food and Drug Administration.

There is at present no evidence that hydroxychloroquine (Plaquenil), dextroamphetamine with amobarbital (Dexamyl), or aspirin in the amounts usually prescribed would be harmful to the developing embryo, but it is a good rule to cut the use of all drugs to an irreducible minimum in the early months of pregnancy.

Your doctor should supervise your prenatal care and help you to regulate the amount of these drugs that you should take.

Q—Can a person take too much rutin? Are there any bad side effects?

A—Rutin is a form of vitamin P. No deficiency of this vitamin in human beings has ever been reported. This makes me wonder why you are taking it.

Vitamin P has the same effect as the vitamin C found so abundantly in tomatoes and citrus fruits. A person can get too much of any good thing, so my advice is: Get your vitamins at the grocery store and not at the drugstore.

"He Stuck in His Thumb and . . ."

Washington News

BY PETER EDSON
Washington Correspondent
Newspaper Enterprise Assn.

WASHINGTON — (NEA) — There are 78 items on the provisional agenda for the United Nations General Assembly this year.

It is likely a few more will be added during the session which convenes Sept. 17 in New York.

About half of the subjects up for discussion relate to international disputes. The other half relate to U.N. housekeeping operations, including financing.

As of Sept. 15, all member nations are sufficiently paid up on their assessments to be able to vote on all issues before the 1963 Assembly. But if additional payments are not made before Jan. 1, Soviet Russia, France and some of the Communist satellite countries will become more than two years in arrears on regular and special assessments for peacekeeping operation.

This would subject them to a loss of voting rights in 1964 or until they paid up. The guess is that they will pay up just enough to retain their votes, as they have in the past.

But if France and Russia choose to make another fight against special assessments for keeping the peace in place like the Congo and the Near East, it will be a battle threatening future U.N. effectiveness.

As of July 31, U.N. collections were more than $180 million in arrears—$44 million on working capital and regular assessments, $36 million for the Near East Emergency Force, and $100 million for the Congo account.

AT THE GENERAL ASSEMBLY special session earlier this year emergency financing of $42 million was arranged to carry on operations through Dec. 31.

The United States made some progress in getting its assessments for extra contributions reduced from 49 per cent to 37 per cent of the total.

There was some congressional compiaint that this was not reduced to the 32 per cent of total which the U.S. pays on regular assessments. But considering that the United States has 40 per cent of the total gross national product for all U.N. members, the 12 per cent cut on special contributions was regarded as a good start.

On the purchase of U.N. bonds —a hot issue in the last Congress —total purchases up to Sept. 1 were $145 million by 50 countries, with $2 million more pledged but not paid in. U. S. purchases are half of this amount, keeping the pledge to match other purchases up to $100 million of the $200 million issue.

THE 1964 BUDGET which Secretary General U Thant presents to the General Assembly is for $96 million for the U.N. itself, plus $100 million for its specialized agencies. With $14 million in receipts, the net total is $182 million.

Total U. S. contributions to the U.N. for 1964 are $57 million in regular and special assessments, plus $175 million in contributions outside the budget for programs like Palestine refugees and the Children's fund.

The United States gives 40 per cent of the special fund for economic planning, 70 per cent of the United Nations Emergency Force costs in the Near East and up to 100 per cent on some of the special research projects.

This is criticized as being of no immediate or direct benefit to the United States. There are demands in Congress—like the proposal by Rep. Durward G. Hall, R-Mo.—that U. S. contributions to any international organization be limited to a flat one-third of the total budget.

But there is little support except from right-wing extremists for the prediction of Rep. James B. Utt, R-Calif., that the United States eventually will have to get out of the United Nations and that the U.N will have to get out of the U. S.

Urge Moratorium on Threats To Prevent Racial Episodes

BY DAVID LAWRENCE

WASHINGTON — Sometimes an irreconcilable conflict becomes reconcilable with the passage of time and by the avoidance of incitement to further conflict. It is conceivable that a moratarium now of one year on racial "demonstrations" and picketing may constructively lead to an adjustment of views.

Attempted coercion of Congress is fruitless. The spreading of threats and counter-threats will be of little avail and will only stir passions on both sides and result in tragic episodes of violence.

A moratorium is an agreed-upon method of delay. It doesn't require commitments in advance from either side, but can mean progress through an effort to attain a meeting of minds. Problems that seem unsolvable may not be completely solved, but a way of living with such problems and a reduction of tensions and friction can be achieved.

To bring about an atmosphere in which reason can make progress, it is necessary that both sides exercise the self-restraint which recognizes, first of all, that human problems are not always settled by statute and must be considered in an environment of good will.

It will not be helpful for either side to accuse the other of a lack of fairness or reasonableness. It will not help for one side to say that the whites "hate" Negroes, when the true record of how the two races have lived side by side, especially in the South, reveals benefactions by whites to Negroes which are unrivaled anywhere else in the world. It will not help for agitators to continue the "marches" and "demonstrations" which now are not confined to Negroes but are participated in by both sides. Resentments are produced by carrying such problems to the streets, where the possibility of violence is always present.

The churches can play a part —an influential one. But the preachers can do much to solve the problem by avoiding emotional outbursts themselves or participation in "marches." They could—without taking sides—exercise instead a spiritual influence for conciliation in the community. It would be useful, too, if some of the private conferences and consultations among community leaders—which are so essential to an era of mutual understanding—were carried on in the meeting rooms of church buildings and if ministers were moderators or chairmen of such meetings.

For the function of the church is not to write legislation or to engage in lobbying, but to bring persons of all classes and groups together so that they themselves may apply the rule of reason and humaneness to the discussion of vexatious problems of adjustment in everyday life.

The problems of race friction are deep-rooted and will not be solved overnight. More can be gained for the objectives of a "civil rights" program by the activities of community leaders than by Federal law or even state laws.

For the fact is that the 1954 "desegregation" decision of the Supreme Court of the United States caught the country by surprise. It was a reversal of the previous "law of the land" or "law of the case" which had prevailed for many decades. No preparation from a psychological standpoint had been made.

Only nine years have elapsed since the decision ordering desegregation in public schools was announced by the high court. But during that brief period there has been a great deal of public discussion and debate without violence or threats of violence.

Good progress was being made when suddenly a wrong decision was reached—to go to the streets with "demonstrations." The theory was that a virtual threat of revolt would persuade those who had not yet been persuaded. The opposite happened. It caused a hardening of positions and a turbulence that naturally curtailed the influence of even the so-called "moderates."

A return to the atmosphere that prevailed before the "demonstrations" started would be most helpful. For, basically, the segregation problem is a human problem. This writer attended an integrated public school and would do so again if he were a student. He would today cast his ballot for desegregation of public schools if there were a referendum permitting a vote on it—as, for instance, on a Constitutional amendment to authorize what is considered of doubtful legality by so many lawyers today.

But one's personal beliefs do not erase the fact that other people have different beliefs and that in free America individuals maintain a right to be unconvinced in a debate that touches their daily lives and the lives of their children. The Constitutionality of laws, new or old, can always be tested in the courts, but this can be done effectively without any display or exhibitionism.

As Attorney General Robert F. Kennedy said in a televised interview this week, "People can't be led by bayonets" and "only a change of heart" can bring about needed changes in human attitudes in the present controversy.

So a monumental task of persuasion lies ahead. The arguments on both sides will never be heard in an atmosphere in which whites and Negroes are being killed and many are being wounded. For emotion and the heat of passion never solved a dispute, whereas reason, calmness and the honesty that comes from self-examination and spiritual guidance have settled many a conflict.

Jim Bishop: Reporter

Mr. Arnold Lundin,
San Diego State College,
San Diego, Calif.
Dear Ott:

By now, you have enrolled. I hope you have decided what you are going to do with your life. At worst, it is better to make the wrong decision than to make none. Millions of young men and ladies wander through college like somnabulists, only half awake, only half sure, with no plan for all the tomorrows.

You have a great chance. You're now a freshman, far from home, studying in a beautiful part of the country. You are young and tall, a broad-shouldered kid with a big smile and a built-in modesty which cannot be faked. These things, in addition to normal intellect, will put you on top and keep you there.

Inside, Ott, you feel that I do not know you. I'm just the gray-haired man at the typewriter who signed your checks. You're wrong. I'm the man who observed you when you didn't think I was watching; I'm the one who saw you work hard around my house, doing whatever odd tasks had to be done—painting, cleaning, mowing, hammering, sweeping, repairing.

There is no quit in you, no matter how ugly the task. You used to stand in front of a job, studying it for a moment with the index finger pulling at the lip, and then, having made up your mind about the best way of doing it, you did it without looking at the clock and without wasting time. You were paid by the hour; it would have been more profitable if you had loafed a little.

You didn't. I've never met your family in Rumson, N. J. but they must be something to have raised a boy like you. For a while, you didn't know that I knew that you were also working nights in a filling station, to earn enough money in one summer to go to college.

President Kennedy has been asking our young people not to drop out of school. And many of those who have quit have parents who can stake them to good educations. Your people haven't got the money, so you worked two jobs—always cheerfully, almost beaming that big-toothed grin — to pile up enough to make the trip to California and enroll at San Diego State.

That is why you are ahead of the game without realizing it. So far, life has given you nothing for nothing. If you have had time for girls and dates —things which are also of importance in the life of a young man — I never saw you at a dance or a drive-in. You have been so busy saving and working that your social life has been neglected.

I hope that you will find time for nice girls and moonlit evenings at San Diego. They are as much a part of life as study. Still, I realize that you are going to have to find a job there. That's why I wrote a note to my friend Neil Morgan of the San Diego Tribune. He knows everybody and he'll see an old chunk of himself in you.

Of course, I envy you. Or, to put it more bluntly, I envy your father. The thing that he and your mother have managed to do is to raise a son who has no affectations, no illusions about finding shortcuts to success, and precious little self-indulgence. They also managed to put just enough spiritual values in you so tht you have a sensitive conscience without being pietistic about it.

That is why I say that you are off to a good start, Ott. A very good start. But that's all it is — no one is going to beat a patch to your door until you complete the work you are going to do at San Diego. Unless I have misjudged you, you will be at neither the head of your class nor the foot. You will be a nomal student, good in some studies, weak in others.

And this too is part of the game. Students who feel that anything less than straight A's means failure always excite my pity. Why? Because it means that they are being driven too hard by someone. It means that someone else has set the student's goals, and has set them too high. Never go for straight A's unless they come easy. Don't strain to boast. If you do, you will end up with the finest education, and little knowledge of what to do with it.

And for goodness sake, Ott, take a day off once in a while and drive up to Hollywood. Take a look at the movie capital, see the homes in Beverly Hills, and the beautiful beaches and communities which lie between there and San Diego. I know that you will make friends. You can't miss.

Write now and then, but only when you have the time. Before you left this area, I heard that you had invited your mother to drive west with you, to see America and to see San Diego State. She declined, but she will never forget that you thought of her first. At last.

One last word: pay no attention to these ramblings. They are written by the father of girls . . .

Waitress Is Indicted For Death of Rapist

UTICA, N.Y. (AP) — A grand jury has indicted a 20-year-old waitresss on a second-degree murder charge in the death of a man she said had threatened her in a downtown lunchroom.

An Oneida County grand jury handed up the indictment Thursday against Miss Janice Butler of Utica. She is accused of killing R. T. Barnes, 36, who police say had a record that included second-degree rape.

Barnes was a Negro, as is Miss Butler.

Police say Miss Butler told them she shot Barnes with a rifle she got from the kitchen.

Kiwanis to Begin Rehearsal Sunday For Kapers Show

Rehearsals for the 1963 version of the annual Kiwanis Kapers will begin Sunday, Sept. 22, at the YMCA at 7:30 p. m., according to announcement released by Bill Murray author and director of Holiday Inn, the name of the Kapers.

The annual presentation, for the benefit of the Kingston Kiwanis Scholarship Fund Inc., will be held at Kingston High School Auditorium Tuesday, Wednesday, and Thursday, Oct. 22-23-24.

Holiday Inn will feature in its starring roles such familiar figures as Herman Rafalowsky, Tony Bell, John McCullough, Bruce Prosser and other members of the local Kiwanis club who have entertained local audiences for many years during the presentation of the famous Kapers.

U. S. and Canada To Talk $25 Limit And Bread Tariff

WASHINGTON (AP)—Sen. Kenneth B. Keating says forthcoming U.S.-Canada economic talks will include the $25 limit on Canadian tourist purchases in the United States and the 7½ per cent Canadian tariff on bread.

The New York State senator told the Senate Thursday he hoped the talks would result in "something positive." The talks begin tomorrow.

Since the United States imports bread without tariff, the Canadian tariff "makes it very easy for Canadian bread to flood American markets," Keating said.

He said this was a hardship to U.S. bakery employes "and is contribution to unemployment in many northern states."

The $25 limit on Canadian tourist purchases that can be admitted to Canada duty free "is a sore point with all towns that might conceivably hope to get some Canadian business but...do not do so," Keating said.

The senator said Under Secretary of State George Ball and Treasury Secretary Douglas Dillon had told him these questions would be taken up with the Canadian government.

After the presentations, Miss Margaret Gippert, 4-H Club Secretary with 33 years of service and Mrs. Dorothy Green, part-time secretary were recognized by the group.

Judge Elywn spoke to the group on the organization and jurisdiction of the newly formed Family Court. Judge Elwyn concluded his remarks by emphasizing the need for all community and civic leaders and parents to do all they can in preventing delinquency by working with and helping youth to become responsible, law-abiding citizens.

Officers Elected

The program was concluded with a 4-H Leaders Association meeting presided over by President Bart Colucci of Gardiner. Miss Jo Ann Maxwell, secretary, presented a report of last year's activity and the program for this year. Officers elected for 1963-64 were: Bart Colucci, Gardiner, president; Mrs. Charles Link, Stone Ridge, vice president and Miss Jo Ann Maxwell, Hurley, secretary. The next meeting for the Leaders Association was announced for Thursday, Nov. 21 at the American Legion Hall, New Paltz. A report was heard concerning a Candy Fund Drive for the 4-H Camp Fund. It was voted to hold a candy sale from Nov. 4 through Nov. 18, the proceeds to go to the 4-H Camp Maintenance and Building Fund.

Are Against . . .

The Democratic majority of the Ways and Means Committee wrote an economy declaration into the House bill and Kennedy endorsed it, but Byrnes dismissed this as a mere pious declaration and evidence of Democratic guilty conscience.

End of Era

WASHINGTON (AP) — The Philippines has formally terminated a 17-year-old arrangement under which the United States protected Philippine interests in countries such as the Soviet Union where the Manila government had no diplomatic representation.

State Department officials, making this known today, said it represented the end of an era of close cooperation between the U.S. and the Philippine foreign service.

Also, it reflected the desire of the Philippine government to take on its own representation or designate some other third country to perform those functions, officials said.

Senator Says AP Misquoted Him on Test Ban Views

WASHINGTON (AP) — Sen. A. Willis Robertson, D-Va., complained that an Associated Press story last Monday misrepresented the views he expressed in a Senate speech opposing ratification of the limited nuclear test ban treaty.

Robertson said in the Monday speech: "Knowing what I do about the military issues involved, I would violate the dictates of my conscience if I voted for the pending treaty."

In the AP story, a sentence intended to quote Robinson as saying it would violate his conscience to support the treaty quoted him inadvertently as saying that he would "violate the dictates of my conscience" to support the pact.

A correction was sent later but the original version of the story was published in some newspapers.

Robertson told the Senate The Associated Press is "a fine agency and they did not mean to misrepresent me."

Seize Newburgh Men for Policy Slips Thursday

Charged with possessing policy slips in violation of the Penal law, five Newburgh men were seized Thursday in raids staged simultaneously by local and State Police and the Orange County district attorney's staff.

Police Lt. Robert Jackson told The Freeman that the raiding party confiscated $4,381.95 in the raids. The five defendants pleaded innocent in Newburgh City court and posted bail.

Lt. Jackson identified the men as Joseph DeCerbo, 55, of 63 Hasbrouck Street, who was arrested at 77 Mill Street; Thomas Greco, 48, of 59 Van Ness Street, and Michael Carbonara, 59, of 294 First Street, who were taken into custody in their barber shop at 5½ South Johnson Street; Anthony Alfano, 56, of 32 Taft Avenue, Town of Newburgh, who was picked up at 137 Broadway, and John Joseph Lynch, 71, of 57 Johnson Street, who was arrested at 54 Johnson Street. (The addresses are all in Newburgh).

DeCarbo and Lynch each posted $1,000 bail and Alfano, Greco and Carbona were each released in $250 pending hearings at a later date.

Blames 'Outsiders'

Shortly before Kennedy announced the appointments, Boutwell told newsmen many of Birmingham's troubles were caused by "outsiders both white and colored" who "have come in here and agitated to the point where they have made our people more tense."

After talking with the Negro leaders, Kennedy urged cooperation and restraint by all Birmingham citizens and announced appointment of the two-man commission.

He said the FBI and city authorities are making "massive efforts to bring to justice the persons responsible for the bombing on Sunday and previous incidents."

To Portray True Story

Boutwell said he asked for the meeting Monday in hope of portraying to Kennedy what he called the true story of Birmingham.

As white and Negroes continued to study peacefully in desegregated schools in four Alabama cities, a relatively quiet day produced these other developments:

A student boycott at one newly integrated Birmingham school began to fade as enrollment approached normal.

Negro Vivian Malone, admitted to the University of Alabama last June 11 under an escort of federalized National Guard troops, enrolled for the fall semester without incident.

Dr. Martin Luther King Jr. called the Negroes' conference with Kennedy very fruitful, but said Birmingham Negroes are "frustrated, confused and almost on the verge of despair."

King said the President, urged to send troops into the city, replied that the federalized National Guard is still on duty, and he would wait and see what develops.

Ecumenical Council

VATICAN CITY (AP) — A solemn religious ceremony, minus [illegible] on of a year ago, will re-open the Vatican Ecumenical Council Sept. 29, ceremonial officials announced today.

The second session of the worldwide council of Roman Catholic prelates begins in nine days, after a recess dating from Dec. 8.

Church Leaders Set Date for Rights Action

Representatives of major religious bodies in the United States today called for a concerted action by all faiths following the deaths of six young people in Birmingham last Sunday.

Saturday and Sunday have been designated as the time for a special act of worship in churches and synagogues.

A distinguished group of religious leaders were in Washington Wednesday to register their moral outrage at the violence unleashed last Sunday in the southern city. These leaders issued a statement to whole religious community of America, urging its members to make their presence felt through messages to elected representatives in Washington.

In a suggested program outlined from Robert W. Spike, executive director of the commission on religion and race of the National Council of Churches, ministers and rabbis were asked to make the letter writing a part of worship services this week.

It was suggested that writing letters to senators and congressmen be a part of Sunday school program. Also the names and addresses of the legislators should be announced from the pulpit and letters collected with the regular offering sent by the church. Special prayers too would be offered.

Charles Katz, Former Bank Trustee, Dies

Charles Katz, a former resident of Abruyn Street, died in Springfield, Mass., Thursday.

Mr. Katz was a former member of the Kingston board of education and former trustee of the Rondout Savings Bank. He was a past president of the Kingston Hebrew School.

His wife, the former Johanna Berman died June 22, 1959.

Surviving are a son, Milton of Chicago, Ill.; three daughters, Mrs. Bernard Canter of Springfield, Mass., Mrs. Leonard Miller of Miami, Fla., and Mrs. Sanders Wall of Lexington, Mass. Also surviving are six grandchildren.

Funeral services will be held at the Halloran Funeral Home, 261 Broadway Sunday 2 p. m. Burial will be in Montrepose Cemetery.

Heart Seizure Is Fatal to Former Brickyard Worker

The body of Robert Beesley, 67, a former employe at the Staples brickyard at Malden, was taken to Washington, D. C., for burial at the request of a daughter who resides in Washington.

Beesley died of natural causes last Saturday. The body was discovered in the house in which he had resided for some time on the Staples brickyard property, by Mrs. Shirley Carr, a neighbor.

Coroner Francis J. McCardle of Kingston was notified and after an investigation gave a verdict of death from natural causes. Mr. Beesley died of a heart seizure.

No Response Yet On Brewery Here

Recent inquiries as to whether the Jacob Ruppert Brewing Co., of 1639 Third Avenue, New York, is interested in establishing a brewery in the Kingston area, have brought no response, to date.

The Kingston Area Chamber of Commerce, after Mayor John J. Schwenk noted that the brewing company had indicated interest in establishing a Hudson Valley plant, wrote to inquire about basic requirements.

The company was asked to fully explore assets of the city and county. The letter was sent early this week.

Jordan Opposes Treaty

WASHINGTON (AP) — Sen. Len B. Jordan, R-Idaho, today became the 15th senator to announce he will vote against ratification of the limited nuclear test ban treaty.

"Test bans or armament reduction negotiations can only be acceptable to us under full inspection," Jordan said in a prepared Senate speech.

Job-Making . . .

Shaw endorsed a tax cut, but said "runaway government" must control or reduce its spending.

"Aside from the tax load," Shaw said, "the greatest roadblock to economic growth and creation of jobs is the impact of big government ever growing bigger — Skyrocketing spending at every level of government — the deadening effect of government policies—and the power of purse-string control. All these combine to hamstring progress."

The association also heard State Commerce Commisssioner Keith S. McHugh describe his efforts to expand New York's export trade.

McHugh said overseas requests for state goods and services were 30 per cent higher in the first seven months of this year than they were a year ago, and 125 per cent higher than two years ago.

"We are getting inquiries for every imaginable kind of goods from 75 different countries in the free world," the commissioner said in a prepared speech. "The results of our efforts in this area have been phenomenal."

Talks End in Deadlock

SALZBURG, Austria (AP) — A conference of top international airlines today ended in a deadlock over projected cuts in transatlantic passenger fares.

Delegates of 52 member airlines of the International Air Transport Association said that no agreement seemed to be within sight on reduced tariffs which had originally been expected to become effective next spring. The United States had led the fight for lower rates on economy flights.

Conference sources said after the closed-door meeting that a new conference probably will be called here in October to try to straighten out differences.

Police Catch Teen-ager in Act at Diner

A timely tipoff to police early today resulted in the arrest of a teen ager charged with having entered the Empire Diner, 476 Broadway.

A burglary was also reported at the M & M Manufacturing Company, 519 Broadway.

Edward T. Kerwin, 17, of PO Box 71, Eddyville, was arrested by Sgt Thomas Tomshaw and Detective William Slover on charges of third degree burglary and possession of a blackjack, considered a dangerous weapon. City Judge Joseph D. Saccoman today adjourned hearing until Saturday to permit him time to obtain counsel. He was returned to jail.

Had Only Small Sum

It is charged that Kerwin had ripped a telephone from a wall, opened a cigarette machine and rifled a cash drawer. He possessed only a small sum of money when arrested.

Police were notified at 2:05 a. m. that someone was apparently in the diner. Officers Ernest Bartroff, Harry Short, Gerald Tierney and Junious Harris along with Sgt. Tomshaw and Detective Slover, were dispatched there.

A report at 7:17 a. m. today said the M & M Manufacturing Company building at 519 Broadway had been entered during the night. Entrance was made by the forcing of a door and $9.60 was reported taken from a soda machine. Officers Bartroff and Tierney investigated.

Bonn Now Center Of 'Chicken War'

BONN, Germany (AP) — West Berlin has become a center of "the chicken war" between the United States and the Common Market nations—a sort of peace center.

West Germany has proposed a cut in the tariff on American frozen poultry imports to West Berlin deeper than any offered by the Common Market in its dispute with the United States.

West Berliners eat about 20,000 tons of chicken a year. A substantial cut in the duty would give U.S. poultrymen a bigger slice of the city market, perhaps all of it. That might take some of the sting out of the Common Market tariff on U.S. poultry.

Bonn's idea is to ward off reprisals threatened by the United States against the Common Market. The deeper cut would apply only to West Berlin, not West Germany proper.

The West German duty on American chickens, now also applied in West Berlin, stands at 13.6 cents a pound. The U.S. government considers this much too high. The rate was less than 5 cents a pound before Common Market rules went into effect last year.

Will Award . . .

propriation of $1,400,000 which was made by the board last December through bond issue.

Although there were several alternates called for in the specifications, McHugh said the endeavor of the committee was to "keep costs down" through acceptance of any alternate which would reduce the cost and still retain the necessary facilities required by the county offices and departments.

Well Within Estimate

The six-story building is to be of steel, metal and glass curtain type of construction. The architect's estimate of cost was $1,445,000. When bids were opened last Monday it was indicated that the cost would be well within the architect's estimate.

Henry H. Swart & Son of Kingston submitted the low bid for general construction, a bid of $633,844. However, this bid is not necessarily the low bid after certain alternates are accepted. There were 22 alternate bids on general construction, some deductions and other additions to the base bid.

Joe E. O'Connor of Kingston was low bidder on electrical work at $109,482. E. W. Tompkins of Albany was low bidder for plumbing at $27,465 and Tougher Plumbing and Heating of Menands was low bidder on heating and ventilating work. There were only two bids for elevators, Otis Elevator of New York city was low at $66,966.

Pickets Meet JFK

NEW YORK (AP) — President Kennedy saw pickets for various causes waving placards as he drove today from his hotel to address the United Nations.

Some of the signs blamed him in the killing of six Negro children in Birmingham last Sunday, four of them by a bomb.

Most of the pickets gathered in Hammarskjold Plaza outside the United Nations headquarters.

BABSON on BUSINESS

By Roger W. Babson

BABSON PARK, Mass., Sept. 20—Every fall I become intereted all over again in the continuing expansion of our schol system, affecting every part of our country. Being an economist, I am particularly fascinated by the impact of the "school explosion" on many different business fields.

Back-to-School Sales Bonanzas

It is estimated that this season will see approximately 50,000,000 youngsters going to school, some for the first time, most of them moving up the education ladder. Practically every state in the union is spending more and more money on public schooling, trying desperately to keep up with the enormous increase in the total of young citizens. Think what these unending expenditures mean to dealers in cement, stone, bricks, steel, glass, gravel, tile, lumber, and a wealth of additional items involved in building, furnishing, and operating schools.

At this season, department, discount, variety, and chain stores are crammed with mothers and their youngsters buying a vast variety of back-to-school essentials: Pencils, notebooks, typewriters, shoes, raincoats, dresses, suits, sportswear, and many more. In fact, back-to-school buying is the third-largest merchandising event for such stores—exceeded only by Christmas and Easter sales. This year, purchases in the field are topping those of last year by approximately 5%, reflecting the climb in consumer spendable income. My studies of population trends show that there will be no letdown in school building or in the purchase of school supplies for many years to come.

Ripples Widening Out

As a matter of fact, I look for the climb in school costs to have a steadily more powerful effect on business in general over the years ahead. One line that has been radically changed by the swift growth of schoolagers is textbooks. This used to be a relatively conservative business, but now the textbook companies have to run full tilt all the time to keep up with the need not only for more books but for new books with a modern slant. Educational processes have been changed greatly, and new teaching approaches are generallly empoyed. This means a great boom for textbook houses, and they expect sales for the current fiscal year to top last year's by 10%-20%.

Recent reports show that schoolroom furniture has become a tremendously important business as a result of the big splurge in school construction. Definite figures are hard to come by, but best estimates indicate that companies which make school chairs, desks, tables, etc., are selling about $100,000,000 worth annually. Special emphasis is placed upon movable furniture, since the trend today is toward classes of varying sizes and special groups for different categories of study.

California a Prime Example

With California now adding people faster than any other state, it is interesting to look at what is going on there. As of now, the Californians are laying out more than $2,000,000,000 a year trying to keep up with the demand for school space at all public educational levels. The scope of this demand can be graphically demonstrated when one set of figures is shown: Back in 1947 the school population was increasing some 90,000 annually; at present the rate of growth is 200,000 per year. There is every indication that the gain will persist.

So wide are the needs of the nation's school system that a tremendous number of products are absorbed, either directly or indirectly. So I advise my readers who manufacture goods to look into the possibility of selling them to those constructing, furnishing, or running schools. Many services may also find markets in this important field.

What About the Years Ahead?

More billions are going to be spent in the years just ahead, and those on the inside track will get the largest slices of this pie. It will be worth while in many instances to watch for school building intentions. Also, get to know your municipal officials and the contractors most likely to land the job of putting up new school buildings. If you are too shy to do this, you will simply watch others walk away with the markets that you might easily have shared.

Kill Garlic Odor

If you like onions or garlic in your food, think of those whom you encounter later. A mint, lemon with salt or chewing on a sprig of parsley will help kill some of the aftertaste and odor. Gargle with a strong mouthwash for best results.

Utah's Great Salt Lake is much saltier than the oceans of the world.

Hearing Slated Monday Afternoon On Dumping Law

An anti-dumping ordinance which mandates registration of commercial and residential refuse and garbage collectors will be submitted for approvall at a public hearing before Saugerties Town Board Monday 2:30 p. m. at the Town Hall.

Under the proposed ordinance those engaged in the business of collecting garbage or refuse in the Town of Saugerties must register with the town clerk and obtain a permit to conduct such business.

In the ordinance the town dump is identified as the Cash-dollar dump off Route 212, Woodstock-West Saugerties Road in the Town of Woodstock. The use of the dump shall be restricted to the dumping of garbage and refuse as shall have originated in the Town of Saugerties, exclusive of any incorporated village within the township.

The penallty of the first violation is fixed at $25 and costs of proceedings and penalty for each and every subsequent violation by any one person, firm, corporation or partnership shall be fixed at $100 and costs.

The ordinance shall take effect 10 days following publication in the official town newspapers and a printed copy posted conspicuously on the sign board maintained by the town clerk in the town clerk's office.

Released Time Classes Listed

A schedule of released time for religious education was issued today by Superintendent of Schools, Dr. Dexter O. Arnold. All churches within the Central School District were contacted during the summer in order to determine participation.

Classes are held on Wednesdays and will begin October 2 and end May 27. Permission forms will be sent home with pupils and each participating church also has a supply. No child will be registered unless a form has been signed by a parent or guardian. Once on the list, a pupil will not be excused from attendance unless the church or the parent makes such a request.

Instruction will be available at the following churches. First Baptist, Partition Street; Plattekill Reformed, Mt. Marion; St. Mary of the Snow, Cedar Street; St. Joseph's, Glasco and St. John's, Veteran.

Main Street School—2:05-2:50 p. m. — Baptist — Grades 1-6; Plattekill Reformed — Grades 1-6; St. Mary's Roman Catholic—Grades 1-6; St. Joseph's Roman Catholic—Grades K-6, and St. John's Roman Catholic—Grades 1-6

Glasco School—Plattekill Reformed—Grades 1-6 — 1:55-2:40; St. Joseph's Roman Catholic—Kindergarten 9:15-10 a. m.; noon-12:45; 3-3:45 p. m.; Grades 1, 2, 4, 5—11-11:45 a. m.; Grades 3, 6 and 1, 2, 4, 5—1:55-2:40 p. m.

Mt. Marion School—1:55-2:40 p. m. — Plattekill Reformed Church and St. John's Roman Catholic—Grades 1-6.

High School—2:05-2:50 p. m.—St. Mary's Roman Catholic; St. Joseph's Roman Catholic, and St. John's Roman Catholic—Grades 7-12.

Reformed Church Lists Activities

"Can We Be Too Religious?" will be the sermon subject of the Rev. Orville Jay Hine at Saugerties Reformed Church at the 11 a. m. service on Sunday. The sermon will be based on the experience of the Apostle Paul with the early church at Corinth when the members began "speaking in tongues."

Music at the service will be in charge of Howard Houghtaling, organist and choir director. The adult choir will sing the responses and the morning anthem for the service.

At the opening worship service of the Sunday church school at 9:45 a. m., the class of Lindley Gould will be in charge. The members of the seventh grade class will lead in the prayers and the conduct of worship.

Seniors Elect Officers

John Santoro was named president of this year's senior class at Saugerties High School.

Others named were Alan Kane, vice president; Michael Brady, treasurer; Maureen Barca, recording secretary, and Phyllis DeGregoria, corresponding secretary.

Named Semi-Finalist

Phyllis McLaughlin of this year's senior class, and daughter of Mr. and Mrs. Leon McLaughlin, Saugerties-Woodstock Road, is a semi-finalist in the National Merit Scholarship Competition, according to a lead story in this week's Ulsterette, Saugerties High newspaper.

She is one of a comparatively small group out of thousands of students to reach semi-final status. Her selection was based on a test taken last school year. She must now compete in the College Entrance Examination Board test for further consideration, the Ulsterette said.

Activities Scheduled

The annual Saugerties P-TA banquet to welcome 38 new teachers in Saugerties Central School District will be held Wednesday 6:30 p. m. in the high school cafeteria. Village Police Justice G. Thomas Rea Jr., will be the guest speaker.

Saugerties WSCS of the Methodist Church will hold a rummage sale Sept. 27 and 28 at the store in the Odd Fellows building Main Street.

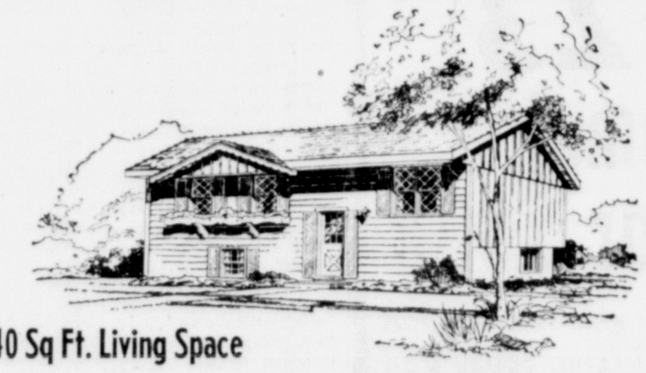

A blood bank drawing sponsored by Saugerties Memorial Post 5034, VFW will be held Thursday 7 p. m. at VFW Hall, Livingston Street. Donors should notify Mrs. Helen Gardner, chairman if they intend to be present.

Saugerties Village Board meets Monday 8 p. m. in village clerk's office. This is a rescheduled meeting due to the Sept. 2 postponement to observe Labor Day.

Country Before Career

Barry to Vote 'No' on Pact

WASHINGTON (AP) — Sen. Barry Goldwater says he will vote against ratification of the limited nuclear test-ban treaty, even if it costs him his political career.

The Arizona Republican, considered a contender for presidential nomination in 1964, told the Senate Thursday he had been warned that "to vote aganst this treaty is to commit political suicide."

But, he declared, "I will vote against this treaty because in my heart, mind, soul and conscience, I feel it detrimental to the strength of my country.

"If it means political suicide to vote for my country and against this treaty, then I commit it gladly. It is not my future that concerns me. It is my country—and what my conscience tells me is how best I may serve it."

His speech capped another lengthy day of debate on the treaty in which the time was used mostly by opponents.

Nevertheless, when the vote is taken next Tuesday, ratification seems assured. Eighty-one senators have announced for the treaty or are leaning that way, with only 14 definitely opposed. Ratification requires a two-thirds majority—67 votes if all 100 senators vote.

Boobies and the northern gannet are birds that stupidly permit themselves to be captured while asleep.

Fears Viet Disaster

WASHINGTON (AP) — Sen. Mike Mansfield, D-Mont., said today that unless Ambassador Henry Cabot Lodge is given prompt and full support by all American agencies in South Viet Nam "we are face-to-face with a disaster" there.

Mansfield, the Democratic leader, told the Senate that press reports suggest Lodge "is not securing that cooperation."

He said it is not the ambassador's function to beg that cooperation.

"It is his authority to require it in the name of the President of the United States."

Andre, Gambi Fail to Show Up For Covet Date

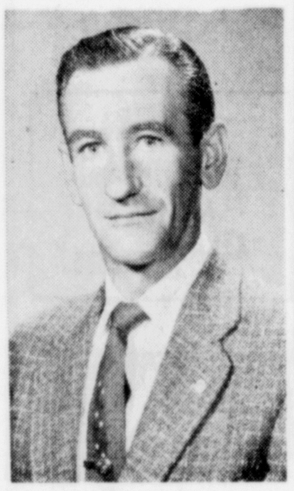

ZURICH, Switzerland (AP) — Andre Porumbeanu and his estranged wife, American heiress Gamble Benedict Porumbeanu, failed today to keep a date in a special magistrate's court where an official reconciliation attempt was to have been made.

The court meeting is required under Swiss law in any divorce proceeding. The magistrate at Erlenbach said he had received word both from Porumbeanu, a Romanian-born former society chauffeur, and the heiress saying they were in poor health.

Gamble, 22, sued the dapper 37-year-old Porumbeanu earlier this week for separation and divorce, charging misconduct. They were married three years ago over the strenuous opposition of her step-grandmother and guardian, the late Mrs. Katherine Geddes Benedict who called Porurbeanu a fortune hunter.

Paul Forror, special magistrate in suburban Erlenbach, did not set a new date for the reconciliation attempt.

NEW YORK (AP) — The stock market pushed to its highest level in a continuation of a strong rally today.

Trading was heavy with 1.53 million shares changing hands in the first hour, tops for the period this week.

The rally got under way late in Thursday's session, which saw the market average's hit new peaks.

Advances of key issues ranged from fractions to a point or so with some stronger gains being registered.

Among the higher flyers, Xerox was up about 4 points and IBM around 2.

Motors were the most active among the groups. Steels and rails also were ahead. Aircrafts were weak.

The Associated Press average of 60 stocks at noon was ahead 1.0 at 282.5 with industrials up 1.4, rails up .6 and utilities up .2.

The Dow Jones average of 30 industrials at noon had gained 2.61 to 745.83.

All of the major steels advanced fractionally with the exception of Youngstown Sheet which gained about 2 points.

Chrysler led the motors with an advance of more than a point while Ford, American Motors and Studebaker were fractionally higher.

United Aircraft and Lockheed each lost about a point.

The averages were helped by a 1½ point gain by Du Pont.

U.N. GREETING — Soviet Foreign Minister Andrei A. Gromyko, left, and Lester Pearson, Canadian prime minister, chat at the United Nations in New York before they delivered speeches to the U.N. General Assembly. Gromyko, in a major policy declaration, proposed an 18-nation summit meeting on disarmament be held before June, 1964, and offered Moscow as a possible site. (AP Wirephoto)

Would Join . . .

in immense duplications of research, construction and expenditure?

"Surely we should explore whether the scientists and astronauts of our two countries—indeed of all the world—cannot work together in the conquest of space, sending some day in this decade to the moon, not the representatives of a single nation, but the representatives of all humanity."

Refers to Joint Expedition

Even though Kennedy said this might become a worldwide project he emphasized the "special capacity" of the United States and the Soviet Union and used the term "a joint expedition to the moon."

There was no doubt that he regarded this as a possible avenue of dramatic cooperation between the principal cold war adversaries. But he also stressed that such a step, and others he suggested, "will require on our part full consultation with our allies."

While holding out an olive branch, Kennedy indirectly belabored the Soviet Union for its record in Germany, Cuba, the Congo, the United Nations and elsewhere.

And, he said that the United States is not without stain—specifically, in the area of racial discrimination.

Working to Right Wrongs

Said Kennedy:

"The United States of America is opposed to discrimination and persecution on grounds of race and religion anywhere in the world, including our own nation. We are working to right the wrongs of our own nation."

Kennedy did not confine his discussion of discrimination to the United States, however. He condemned the oppression of Buddhist priests in South Viet Nam, the closing of synagogues in the Soviet Union, the Hungarian government's treatment of Joseph Cardinal Mindszenty who is in exile in the U.S. Legation in Budapest, and a ban on Protestant missions in some countries.

Recalling his address to the General Assembly two years ago, Kennedy said that at that time "the shadow of fear lay darkly across the world."

But today, he said, "the clouds have lifted a little so that new rays of hope can break through."

And he termed the test-ban treaty the first specific step in 17 years to limit the nuclear arms race.

Sign of Confidence

"We meet today," said Kennedy, "in an atmosphere of rising hope, and at a moment of comparative calm."

He said his appearance at the United Nations was "not a sign of crisis but of confidence."

"Today," Kennedy declared, "we may have reached a pause in the cold war."

But he said it is a milestone —not the millennium.

And terming the pause an opportunity, he added:

"If we can stretch this pause into a period of fruitful cooperation—if both sides can now gain new confidence and true experience in concrete collaboration for peace—if we can now be as bold and farsighted in the control of deadly weapons as we have been in their creation—then surely, this small step can be the start of a long and fruitful journey."

There Are Limits

Kennedy said there are basic differences between the United States and the Soviet Union that put a limit on agreements and "forbid the relaxation of vigilance."

No matter, he said, "we need a much better weapon than the H-bomb—a weapon better than ballistic missiles or nuclear submarines—and that better weapon is peaceful cooperation."

The President said he believes both nations and their allies can work out further agreements "which spring from our mutual interest in avoiding mutual destruction."

Looks Into Future

He ticked off these possible areas of future negotiation:

The prevention of war by accident or miscalculation, safeguards against surprise attack "including observation posts at key points," control over the transfer of nuclear weapons to nonnuclear powers, conversion of the atom to peaceful purposes, a ban on underground nuclear tests "with adequate inspection and enforcement," and a freer East-West flow of information and people.

In discussing an expanded role for the United Nations Kennedy said:

"We have the power to make this the best generation of mankind in the history of the world—or to make it the last."

He advanced these specified proposals for broadening the United Nations' functions:

Creation of a world center for health communications to warn of epidemics and possibly harmful drugs, and report new experiments and discoveries.

Regional centers for medical research and the training of scientists and doctors from the emerging nations.

A global satellite system to provide communications and weather information.

A worldwide conservation program, and a similar effort to promote farm productivity and food distribution to "give every hungry child the food he needs."

Delegates had filed into the assembly hall hopeful that Kennedy's speech would ease East-West tensions further, following the Gromyko talk, generally hailed as moderate and worthy of careful study.

Many hoped the relaxed atmosphere would set the scene for fruitful talks next week when Gromyko confers with Secretary of State Dean Rusk and British Foreign Secretary Lord Home. Gromyko also will meet with the President in Washington.

Most Western and neutralist delegates described Gromyko's speech Thursday as conciliatory and encouraging, but there were some reservations.

Gromyko proposed an 18-nation summit meeting on disarmament before next June 30 and offered Moscow as a site. The 17 nations which have debated disarmament long and fruitlessly at Geneva, plus France, which boycotted the Geneva conference, would be represented at the summit meeting.

To Meet Investigations

Gromyko also proposed that the Soviet Union and the United States be allowed to retain some nuclear weapons until the final stage of complete disarmament. He threw out this idea, he said, to overcome Western objections to earlier Soviet proposals that would have stripped all powers of nuclear weapons before the final step in disarmament. That would leave the West at the mercy of superior Soviet bloc manpower.

Another Gromyko proposal called for a U.S.-Soviet agreement to prohibit orbiting nuclear weapons in space.

Adlai E. Stevenson, U.S. chief delegate told newsmen, "Mr. Gromyko's emphasis on further steps to reduce tensions, especially in disarmament, was very welcome to the United States."

He added:

"The tone of his speech was more conciliatory and increases my hope that this General Assembly will be less 'cold war' and make more real progress toward the removal of the great threats to peace."

Britain's chief delegate, Sir Patrick Dean, said "the two new proposals on disarmament will be studied very carefully by the British government."

Rocky Cancels Date

HAVRE DE GRACE, Md. (AP) —Gov. Rockefeller has canceled an appearance at a Harford County Republican fund raising dinner in November.

John M. Harris, chairman of the affair, said he received a letter this morning from the New York governor.

The initial word that Rockefeller had accepted the invitation brought criticism from Rep. Clarence D. Long, D-Md. Long said the New York Republican had a nerve to appear in Harford because New York was pushing for location of a $2 million atomic reactor the Army wants to build at Aberdeen, Md.

Boone Hurt in Crash

LOS ANGELES (AP) — Actor Richard Boone was hospitalized with serious injuries today after his expensive sports roadster struck a parked car, police reported.

Investigating officer E. T. Loftus said Boone's head hit the windshield of his Maserati and his chest broke the steering wheel.

Boone, star of television's "Have Gun, Will Travel" show, then walked two blocks to his home in the suburb of Pacific Palisades and his wife, Claire, called a doctor.

Police said he suffered facial cuts, a possible broken nose, possible broken ribs and knee cuts.

Kennedy Car Gets Paint Splashing

NEW YORK (AP) — President Kennedy's black bubble-top limousine was spattered Thursday night by a paint bomb thrown from a passing station wagon loaded with teen-agers. Police called it the work of "'prankish kids.'"

The car was parked in front of a Fifth Avenue apartment house where Kennedy was attending a dinner party in the home of Earl E. T. Smith, former ambassador to Cuba.

Chief of Detectives Lawrence J. McKearney said the teen-agers apparently did not know it was Kennedy's car.

Mrs. Nhu Labels KMoreDangerous Than Peking Boss

BELGRADE, Yugoslavia (AP) —Mrs. Ngo Dinh Nhu, the politically powerful first lady of South Viet Nam, declared today Soviet Premier Khrushchev is more dangerous than Mao Tze-tung, the Red Chinese boss.

"We are for coexistence," she said in an interview at the close of a nine-day visit to Belgrade, "because of the geographical and strategic position of our country. But for genuine coexistence.

"The Khrushchev type of coexistence is not genuine. It is only a form of subversion."

Elaborating, the sister-in-law of President Ngo Dinh Diem said: "Khrushchev wants world domination just like Mao Tze-tung. But, while Mao is loud, beating the drums, Khrushchev pursues his aims quietly.

"The means of Khrushchev might succeed much easier than those of Mao.

"The violent tactics of Mao have resulted in the revival of Indian nationalism and in other parts of the world the reaction will be similar.

"Khrushchev looks to us more dangerous. His tactics of peaceful coexistence, which covers subversion, are more dangerous than the outspoken Mao.

"Mao is not more holy than Khrushchev, but Khrushchev is cleaver and therefore more dangerous."

Children of Vets Reminded About Scholarship Tests

Children of deceased or disabled New York State veterans who are eligible to compete in the Regents Scholarships for 1964, were reminded today that they should apply for the examination now. The exam is scheduled for Oct. 1.

In a joint statement, Charles L. Culver, NYS veteran counselor, State Division of Veterans Affairs, and John B. Tyler, director, Ulster County Veterans Service Agency, said:

"To qualify for one of these New York State scholarships the candidate must be a resident of the state, a graduate of an approved high school by June 1964, the child of a deceased or disabled New York State veteran, and must take the Regents Scholarship examination to be held on October 1, 1963 at approved secondary schools in the state."

In order to qualify for the scholarship and to be admitted to the examination, they said, a candidate must file an application with the principal of his school and send by registered mail his supporting evidence to the Bureau of Examinations and Testing, State Education Department, Albany 1, New York as soon as possible.

Assistance in securing necessary evidence of veteran status, copies of discharge papers and complete information concerning the rights and entitlements of children of deceased or disabled veterans may be obtained by contacting Culver or Tyler at their new location at 4 Hurley Avenue Monday through Friday from 9 a. m. to 5 p. m. The phone is FE 8-1111.

When Recovery Is Slow, Take Loss and Reinvest

Q—"My husband and I are in a bad situation. Some time ago, on the advice of friends, we bought 200 shares of Curtis Publishing Co., at 15. It is now down to 6. My husband says to take our loss and reinvest in a blue chip, since we have three small children to consider. I believe we should hold on, hoping for a comeback. We have agreed to abide by your opinion in the matter." L. P.

A—I always hesitate to take sides in a husband-and-wife disagreement, but in this instance I have to say that I think your husband is right.

Curtis Publishing has been operating at a deficit since 1959, and has recently been hit by one of the biggest libel awards—$3,060,000—ever made against a publisher. Recovery here looks to be very slow, and I would switch to Bristol-Myers, which has grown pretty steadily in the past ten years—in earnings, divdends and price.

Q—"What is your opinion of Random House? I own 200 shares bought at very high prices back in 1960 and 1961, and I now have a loss of $5,800. This is the only stock of many I own which is not performing satisfactorily. My broker advises me to hang on. I am in a high tax bracket and could afford to take my loss. What shall I do?" A. B.

A—If you own many stocks and have only one mad performer, you should be commended.

In my opinion, Random House should be sold. This is not because I believe the stock has no chance for recovery. I believe it may recover ultimately and I have respect for Bennett Cerf, the company's president.

The question really is whether some other stock may not help you to make up your loss more quickly. Random House is down because earnings collapsed in fiscal 1962-63. I would switch it into a high grade issue such as Pacific Gas & Electric.

room schools in the Kingston Consolidated District, with the exception of a three teacher school in East Kingston for the trainables, and a three teacher school at Rifton.

"What about combination grades?" the assistant superintendent asked. "Although we have fewer combination grades now than we did before consolidation, the fact still remains that at present, with the exception of the Emma Wygant and the Rifton schools which are special classes, we have a total of eight combination grades throughout the school district in vorious schools."

"Are combination grades educationally sound and economically practical?" Commenting on that question, Miller said, "As an educator, and one who has children of my own, I would have to answer that as a parent, I personally would prefer single grade classes of about 15 to a class, or the Utopian situation which is a tutorial system or one teacher to one child.

"Obviously," he said, "this whole problem is one of degree, and must be answered from the standpoint of how long should our teacher-pupil ratio be in the Kingston Conosolidated School District in order to provide the best education for our children compatible with the ability of the people within our district to pay, with consideration for our senior citizens and for those people living on fixed incomes."

Assistant Superintendent Miller explained that in establishing combination grades the school officials have followed a so-called "rule of the thumb" that in cases where the enrollment in one grade is 40 or more, the grade is usually split into two sections. Where the enrollment is between 35 and 40, a combination grade is made, and when the enrollment is under 35 a single grade is maintained, he noted.

"There are many cases of variations from this rule," the assistant superintendent said, "but generally speaking, the above enrollment figures are used as guide lines in making grade determinations."

From a purely cost factor, he said he feels that any time the district has a class of less than 20 pupils, taking into account special situations, one must look to the possibilty of a combination grade to increase the teacher-pupil ratio.

Young Rusk Shifts

WASHINGTON (AP) — David Rusk, 22, son of Secretary of State Dean Rusk, has shifted his aim from international service to the field of civil rights and taken a job with the Washington Urban League.

Discussing his new post as assistant to the league's executive director, young Rusk told a newsman Thursday that the civil rights march on Washington last month stirred him to the change of course.

Before that, he said, he was "very much the white liberal who was very long on sympathy and short on action."

More Liberal . . .

because of an emergency situation—a short crop this year. No one knows—not even the Soviets—just how much grain they and their satellites and other dependent areas will need before the 1964 crop is produced and gathered.

One thing sure, it would be a mistake for American farmers to plant more wheat this fall in anticipation of sales behind the iron curtain, U.S. officials say.

Existing surpluses are considered to be more than enough to meet any Soviet orders, should they develop.

Toll Reaches 31

$750,000 Will Be Split by Families Of Rail Victims

SALINAS, Calif. (AP) — Families of Mexican nationals dead as a result of Tuesday's train-bus collision near Salinas will divide at least $750,000 in workmen's compensation, the state reports.

The announcement Thursday by Earl Howard general manager of the state compensation insurance fund, came after three more of the farm workers died.

The death of Margarito Delgado Tinoco Thursday night brought the toll to 31. Thirty others were injured.

The insurance payments are made possible by provisions of the treaty between the American and Mexican governments regulating use of the Mexican hands, or braceros, as they are commonly called.

The program is made up completely of funds from employers.

Brain Damage in Newborns Caused By Common Virus

By JOHN BARBOUR
Associated Press Science Writer

WARRENTON, Va. (AP) — A strange, symptom-less virus — so common most people have had it by age 30 — may produce more brain damage and mental retardation in newborns than measles.

It has, at least, according to the findings of researchers at Johns Hopkins University where mothers and their babies have been tested for the virus, said Dr. Robert Cooke, Johns Hopkins pediatrician.

The findings came to light in an interview at the two-day White House conference on mental retardation which ends today.

Furthermore, there is good evidence that the virus—once it has infected an unprotected mother—can invade the baby within her womb and cause brain damage as late as the fifth month of pregnancy, perhaps later.

There is also evidence that the virus is active in producing brain damage not only before birth — but for a few months afterwards, Dr. Cooke said.

Because it produces no symptoms or signs and can live for some time in the salivary glands, it is difficult to detect except in the urine of the infected person or in a check for protective antibodies in the blood.

The virus is called the cytomegalo-virus — a big cell virus—so-called because it enlarges infected cells.

Found Hanged

NEW YORK (AP) — The Rev. Dr. Franklin L. Sheeder, 68, a key figure in negotiations which led to a national church merger six years ago, was found hanged Thursday in his room at the George Washington Hotel.

Police said today the death is under investigation as an apparent suicide.

They said Dr. Sheeder, who lived in Philadelphia and Collegeville, Pa., was visiting here. He had been in bad health for several years.

Dr. Sheeder was general secretary of the Division of Publications of the United Church of Christ Board for Homeland Ministries.

He was prominent in negotiations between the Evangelical and Reformed Church and the Congregational Christian Churches which led to the union and the two churches in 1957 to form the United Church of Christ.

J-S Bid Is Slam Try

BY OSWALD JACOBY
Newspaper Enterprise Assn.

In Jacoby-Stayman the immediate response of three clubs or three diamonds is preemptive and the opening no-trump bidder is expected to pass. Thus, if responder wants to suggest a minor suit slam he does so by responding two clubs and then following with three of his minor.

This bid must always be regarded as a slam try. With a good minor suit hand and no slam interest responder would simply raise one no-trump to three.

South's two club response was a double purpose bid. If North could show four spades then South would be interested in a spade slam. In any case, South was interested in a slam in clubs.

North's two heart response did not arouse confidence but South still bid three clubs.

Most players would merely bid three no-trump with the North hand, but North noted that he had good club support and first or second round control of every suit. If South were interested in a slam then North was willing to go past that three no-trump spot.

South's bid of four spades encouraged North further. There would not be any spade or club losers. There would surely be a diamond loser, but North felt that the loser in diamonds would be the only one. North simply bid six clubs.

Photos Displayed At Local School

A section of prize-winning photographs from the annual Kodak High School Photo Awards will be displayed at the New Paltz Central School Sept. 23-27. Winning prints of teenagers across the country, both the black and white and color photographs, highlights the exhibit.

The public may view the pictures from 8 a. m. to 5 p. m. in the hall by the main office.

The enthusiasm of youth is reflected in the colorful display which ranges from humorous pictures of animals and school activities to serious portrayals of people and places. In every picture students have demonstrated an awareness of all phases of life around them as well as expert skill in recording their impressions.

The competition is open only to high school students regularly attending any public, parochial or private school in the United States or its possessions.

Following the tour of the nation's schools, the salon will be shown overseas.

NROTC Exam Dates Announced

Applications are now available for the Navy's 18th annual NROTC qualification test, according to Thomas P. Benenati, guidance director at the New Paltz Central School. The nationwide examination will be given Dec. 14 and all eligible male high school seniors and graduates may apply.

On the basis of this test, personal interviews, physical examinations, and other factors, Mr. Benenati explained, over 2000 young men will be given college educations as midshipmen in NROTC units in 52 well-known colleges and universities throughout the country.

Registrations for the test will close Nov. 22. Informational bulletins and applications are available from the guidance office or the nearest U. S. Navy Recruiting Station.

A successful applicant receives financial aid for four years of college. This includes tuition, books, uniforms, miscellaneous expenses, and a $50 per month retainer fee. After successfully completing college degree requirements and naval science training, NROTC midshipmen become commissioned officers in the U. S. Navy or Marine Corps.

During their training, regular NROTC midshipmen have three summer cruises with various naval units, including visits to foreign ports.

Male citizens of the United States who will be over 17 but not yet 21 on June 30, 1964, and who are now high school seniors or graduates, are eligible to apply for the Dec. 14 NROTC qualifying test. Those who attain qualifying scores will be interviewed and given physical examinations next February.

4-H Activities

The New Paltz Sunshine Mountain 4-H Club held its regular meeting Sept. 13, at the home of Mr. and Mrs. Thurlow Weed Jr. All members were present as well as three guests, Judy Scott, Barbara Jensen and Roberta Thompson.

The boys gathered three specimens for their conservation project.

The next meeting will be held on Sept. 20. The girl's project will be the ABC's of Cooking and the boys will continue the work on their conservation project.

The next meeting will be held at the home of Elaine Greco.

An Old Bugaboo

We've saved mathematics until now, because for many students it's the toughest subject in school. The feeling seems to be that anybody can learn to pass English or history, but that you have to be especially suited for mathematics, that you have to have a special kind of mind.

This is not true. You don't have to be special to get through the average math course. If you're having trouble, chances are you're studying the wrong way. Which brings up the question: what is mathematics? What does it try to do?

Mathematics is a logical contentless, but often very meaningful system of thought. Let's take a simple example: 2+2=4. That is always correct, but do you know why 2+2 equals 4 because mathematicians say so!

In other words, mathematicians have defined "2+2" as "4". That's why they can't be wrong; there's nothing to be wrong about. So actually, the statement "2+2=4" says about as much as the statement, "a big book is a big book."

We can say, then, that mathematics is contentless. But once we have these always-correct, contentless, laws, we can apply them to our daily lives and often we find them very useful and meaningful. Nobody will argue that addition isn't useful and meaningful.

It's easy to see that mathematics is logical. If we say that 1+1=2 and 2+2=4, we have no choice but to say that 1+1+1+1=4. There's no other way to do it. Any other way would be illogical. And mathematics insists on logic.

Essentially, then mathematics is simply a set of symbols that somebody (centuries of mathematicians actually) invented. They also invented certain rules for manipulating these symbols. As long as you follow these rules, you can't do anything wrong. If you follow the rules (and there are not many of them), the world's greatest mathmetician can't tell you that you're wrong. By itself, mathematics has nothing to do with reality. Its usefulness comes from the fact that we can think about the real world in a mathematical way and thereby understand it better.

Obviously, you wouldn't try to overview a math book. It doesn't work. To learn the rules of mathematics, you have to go step by step. You have to "read between the commas." You'll find that every rule in math is based on the one that directly preceded it. If you don't understand something, you can't hope that it'll come clear later on. You must understand each step before you can understand the next step. Take each page as it comes. Work through the page point by point. Work through any examples. You'll get into the swing of it easily. The most complex mathematical laws are only repeated applications of the simplest laws.

Think of mathematics this way: it's the only course where you can really be sure of getting 100 on a test. If you follow the mathematical rules, you can't get anything but 100.

The trick is to go slow, to understand each point before you go in to the next and to see how each rule follows from the one that precedes it.

NEXT: How to prepare for tests tiall to our growing township.

Why We Say--

FOR DOOR: This name is taken from the Latin janua for door, not because janitors were doormen, but because early apartments usually had the superintendent's quarters close to the door so that he would know what was going on in the building.

Aid Allotment To County Schools Over $2 Million

Ulster County school districts will share $2,229,262.18 of the distribution of $246,225,811.27 state aid for education announced today by State Comptroller Arthur Levitt.

Of the local share $1,237,160.18 will be distributed to cities and villages, and $992,102 to supervisory districts.

New York City's share is $63,606,149.00. The apportionment to the other cities and villages totals $97,972,629.90. Supervisory districts are receiving a total of $84,647,032.37. The payment to these cities, villages and supervisory districts represents the first quarter of state aid due them on the basis of statistics for their 1962-63 school year.

Checks are being mailed to the individual school districts in accordance with apportionment computations made by the State Department of Education and verified by the State Department of Audit and Control.

Will Ask Tire Firms Use Safety Standards

ALBANY, N.Y. (AP)—A delegation from the New York State Legislature will go to Akron, Ohio, next week to urge the tire industry to adopt uniform safety standards.

Sen. Edward J. Speno, R-Nassau County, will head the 16-member group. Speno is chairman of the Joint Legislative Committee on Motor Vehicles and Traffic Safety.

Speno said Thursday no industrywide standards or laws governed the manufacture of motor vehicle tires.

Glancing Over TV Bill of Fare

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP) — "Temple Houston," NBC's new horse opera, may provide the most interesting mystery of the television year. Not the series but the network thinking in substituting it at the eleventh hour for the Robert Taylor series with which it originally planned to open its Thursday night schedule.

The first episode Thursday night introduced a barrister in buckskin alleged to be Sam Houston's son.

It looks as though NBC has acquired the offspring of "Gunsmoke" and "Perry Mason." The marriage has produced an hour-long hybrid combining the worst cliches of both.

Temple, played by Jeffrey Hunter, seems to be an ambulance chaser on horseback—at least he hunted up a couple of men suspected of murdering a marshal and nailed them as clients.

It was neither a good Western nor a suspenseful courtroom drama.

ABC's "Jimmy Dean Show" Thursday night proved to be a pleasant, relaxed variety hour, combining an informal country style with a sophisticated background.

Tonight, ABC serves up its completely changed "77 Sunset Strip," with Efrez Zimbalist Jr., the sole surviving private eye (7:30-8:30-Eastern Daylight Time). The premiere program is called "Five."

On CBS (9:30-11) there's Ingrid Bergman in a special adaptation of Ibsen's "Hedda Gabler," with Trevor Howard.

"Hootenanny," expanded to one hour, has its ABC debut on Saturday (7:30-8:30 p.m.), and will continue to concentrate on folk and country music stars. "The Jerry Lewis Show," live from Hollywood and expected to range from comedy to learned conversation, takes over the network channel from 9:30 to 11:30.

Another of CBS' "Roots of Freedom" specials will be seen on Sunday (6-7 p.m.) with King Paul and Queen Frederika of Greece showing the Parthenon. NBC's "Bill Dana Show," with Bill playing his Jose Jimenez character, moves into position at 7. CBS also has a musical special (8-9) marking the year's anniversary of New York's Lincoln Center. "Show of the Week," with its second show of the new season, will try an original comedy, "The Hold-Up," on NBC (10-11).

Life Saving Class Slated at YMCA

YMCA Life Saving instruction classes for junior and senior high school boys and girls, 12 years of age and over will start on Monday at 3:30 p. m. according to Louis H. Schafer, executive secretary.

Lester L. Lawrence, who is a certified American Red Cross instructor will direct the class. The boys and girls taking the junior class work should be between 12 and 15 years of age and to qualify, must swim 220 yards, demonstrate a front dive and do a surface dive in seven feet of water.

The group taking the senior class work must be 16 years and over and to qualify must swim 400 yards, demonstrate a good front dive and do the surface dive.

Try-outs for qualification will be both Monday and Wednesday at 3:30 p. m. The class will continue two days a week for seven weeks. Information concerning either junior or senior classes can be had by phoning the Y office or stopping in at the Y building, 507 Broadway.

State Director To Address Local ARC on Monday

Joseph T. Weingold, executive director of the New York State Association for Retarded Children, will address a general meeting of the Ulster County Chapter next Monday night.

The meeting is scheduled for the music room of George Washington School at 8 p. m., according to Joseph J. Connerton, president.

Weingold is regarded as perhaps the most informed person in the state on the problems of retardation and in ways of fulfilling the motto of A.R.C. — Retarded Children Can Be Helped.

As a successful lawyer, he became executive director of the ARC over a decade ago. He is a graduate of Cornell University, Columbia Law School and Oxford College, England. He is a member of the New York State Bar Association, a Fellow of the American Association for Mental Deficiency and the International Council for Exceptional Children, the Citizen's Committee of 100 for Children and Youth. He also has been appointed to the advisory committee of the state Joint Legislative Committee on Mental Retardation and the Interdepartmental Health Resources Board.

In addition to its membership, representatives from Community Chest and its agencies, School Board and officials, Mental Health Center, Mental Health Association, United Commercial Travelers, Red Cross, Ski Club and the T.B. and Health Association have been invited to hear Weingold's address. All members of the public are encouraged to attend this meeting to learn of the work being done for retarded children in Ulster County and to understand why their support is needed.

Ulster County Chapter of the Association for Retarded Children is a member agency of the Ulster County Community Chest.

Child Health Clinic

A child health conference, conducted by the Ulster County Health Department, will be held at the Hasbrouck Hall, Modena, Thursday, Oct. 3 from 1-2 p. m. These clinics are limited to infant and pre-school children for the purpose of improving child health through early recognition of defects, advice regarding nutrition, instruction of parents in understanding of growth and development, handling of minor behavior difficulties and the administering of immunizations for smallpox, diphtheria, tetanus, whooping cough and polio.

School Integration Enough for Present

Negroes Unconcerned About Fraternities and Sororities

By THE ASSOCIATED PRESS

Negroes, who have tumbled educational racial barriers in a massive national drive, so far have paid little attention to one aspect of college life — the fraternity and sorority.

In some colleges and universities across the country, the Negro already is included on the rolls of such campus organizations.

In most other institutions where fraternities and sororities have no nonwhite members, the Negro so far has done little to indicate he wants to join.

Big Enough Step

Several regional officials of the National Association for the Advancement of Colored People said the Negro feels being admitted to previously all-white schools was a big enough step for the present.

Chester Lewis, president of the Wichita, Kan., chapter of the NAACP, said he believed the breaking of any racial barriers that might exist in fraternities and sororities "is the farthest thing from the Negro thinking right now, what with other problems they face."

To Act Later

However, Laplois Ashford, national director of the youth and college division of the NAACP, said his group was "planning some type of activities through which we eventually hope to integrate these fraternities and sororities."

"It is true that the Negro has a lot on his mind right now and it might be a little while before we can begin on this problem in full force, but it is in the planning stage," he said.

He said that when such a program is put into effect, "the drive will be made on the campuses of Northern, Midwestern and Western schools first."

Few With Racial Clauses

A nationwide sampling by The Associated Press showed that very few of those colleges checked had fraternities or sororities which had racial clauses written into the charters or bylaws.

However, such clauses do appear in the constitutions and charters of some national fraternities and sororities.

In most such cases, college officials said, the individual fraternities contend they do not abide by the regulations. In some instances, local groups have broken away from the parent organization rather than live up to the discrimination clause.

Despite all that, educators said there was a conspicious absence of Negroes in most of the nation's fraternities and sororities.

Today's Business Mirror

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—For dramatic suspense the tax cut proposal has had few equals.

Most citizens seem to have adopted the attitude of wait and see, building few hopes on the conflicting moves in Congress.

Many are honestly confused as to the extent of the benefits or of the dangers if the federal budgt is thrown further off balance.

Gains Seen Absorbed

Others think that whatever the federal government might allow them would be promptly taken away by state and local governments.

American businessmen and many stock market regulars have been more optimistic. Some have taken the cynical view that when the 1964 election campaigns really heat up, some form of tax cuts will look irresistable to Congress.

Immediate tax cuts were first proposed by a vociferous group at the time of the stock market break in May 1962 because they saw a recession breathing down our necks. The idea was shelved for a time because business and consumers alike largely ignored the stock market as a barometer of hard times coming.

Plans for a tax cut linked with tax reforms were set forth officially last January. Their chances have waxed and waned almost as regularly as the moon, depending on whether business was hesitating or spurting ahead, and not how congressmen interpreted the enthusiasm or worries of the folks back home.

Reforms Sidetracked

Most of the reform proposals were sidetracked. The tax bill now before the House and headed toward an uncertain time schedule in the Senate is based largely on an effort to make the economy grow faster and thus provide the additional jobs needed to solve today's unemployment and to meet an oncoming rush of youngsters into the labor force.

This was the pitch that President Kennedy made Wednesday night for his tax proposal.

The idea is that a cut in the rates of taxes on individual incomes will give millions of Americans more money to spend on goods or services, or to make down payments on things they now want but can't quite afford. And the better-off would have more money to invest.

Such investment, along with the extra cash that corporations could keep if the corporate income tax rates were lowered, would finance more business ventures or expansion.

The additional consumer spending, plus the increased investment, would lead to more production, and hence more jobs.

Today in History

Today is Friday, Sept. 20, the 263rd day of 1963. There are 102 days left in the year.

Today's highlight in history:

On this date in 1873, the New York Stock Exchange closed in panic after the failure Sept. 18 of Jay Cooke, banker and agent of the federal government, with $14 million in deposits from all parts of the country.

On this date

In 1519, Ferdinand Magellan began his voyage that ended with the first circumnavigation of the globe.

In 1797 the frigate Constitution —"Old Ironsides" was launched at Boston.

In 1863, Gen. George Thomas' troops withstood for six hours the assaults of the Confederate army at the Battle of Chicamauga.

In 1870, unification of Italy was accomplished when forces under Victor Emmanuel took possession of Rome in the name of the king.

In 1938, a hurricane swept through New England, Long Island and New Jersey, leaving thousands homeless and causing property loss estimated at $40 million.

Ten years ago...A North Korean pilot flew into a United Nations airport in South Korea and surrendered his Russian-built MIG15 jet fighter, thereby earning a $100,000 reward offered for surrender of such a plane.

Five years ago...Integrationist leader Dr. Martin Luther King was injured when he was stabbed by a Negro woman in a Harlem department store.

One year ago...The Senate approved a resolution endorsing the use of force if necessary to prevent the spread of Cuban communism in the Western Hemispher.

Mrs. Charles Deyo Is Elected to Head Paltz Auxiliary

Mrs. Charles E. Deyo, of 10 North Oakwood Terrace, New Paltz, was elected president of Sullivan-Shafer Unit No. 176, American Legion Auxiliary, at the opening Autumn session this week in the post home, New Paltz. She succeeds Mrs. Raymond Coats, who served two years.

Other new officers include:

First vice president, Mrs. Edna L. Branigan; second vice president, Mrs. Ralph Clearwater; treasurer, Miss Eileen Coats, and secretary, Mrs. Delia T. Shaw.

Members of the nominating committee were Mrs. Lewis H. Van De Mark, who presented the slate of officers, Mrs. Harry Zimmerman and Mrs. Elting Clearwater.

The new officers were installed by Mrs. Branigan, who has served several times as auxiliary unit president and County Auxiliary president for three terms. They were escorted by Mrs. Henry M. Winkelman, sergeant-at-arms.

Mrs. Deyo appointed various unit committees and announced plans for the year. These include a food sale on Sept. 25 at Empire Grand Union Market, New Paltz, and a rummage sale on Oct. 12 in the Legion Home, New Paltz.

Joyce-Schirick Inspection Held; Agenda Announced

Mrs. Mary Wood of Saugerties, a past president of Bronx County Council, Veterans of Foreign Wars Auxiliary, led the annual inspection of Joyce-Schirick Post Auxiliary 1386 at their last regular meeting.

Mrs. Wood, who helped organize the local auxiliary in the fall of 1947, commended the organization for the work it has accomplished in the last 16 years. She reported that the auxiliary was "in good working order." Mrs. Wood was accompanied on the inspection by Mrs. Helen Arold and Mrs. Dorothy Wood, also of Saugerties. A new auxiliary member, Mrs. Margaret Bruck, was initiated during the ceremony and was welcomed into membership.

Plans were announced for upcoming events.

The annual banquet for auxiliary members and their friends will be at 1 p. m. on Saturday, Sept. 21 in the new hall. A roast beef dinner will be served with dancing afterwards.

Auxiliary President R. Vivian Hughes announced that the Department president will be entertained at th next county meeting on Oct. 6 in New Paltz. She urged a large delegation to attend.

The auxiliary's annual card party will be held Oct. 14 in the new hall. Hazel Greene is chairman.

Mrs. Evelyn Hitchcock of Brockport, president of the Department of New York, Ladies Auxiliary, VFW, will be honored by a testimonial dinner on Oct. 19 in Rochester. A day later, the Department will have its anntual fall conference in the same city. Some of the local members are planning to make the trip for these events.

In other local business, President Hughes announced that the auxiliary plans to buy a piano for the new hall if one could be obtained at a reasonable price. Also, she said, $50 was donated to the post for the purchase of additional silverware. Mrs. Hughes urged women in the area to become members of Joyce-Schirick Auxiliary to join in the work of the group veterans and their families. She said eligibility for membership can be determined by contacting any post or auxiliary member.

Three New Teachers For Nursing School; 31 Students Listed

The Benedictine Hospital School of Nursing welcomed three new members to its faculty this year. The Rev. James Lover, CSsR, MA, JCD, of Mt. St. Alphonsus Seminary, Esopus, New York, who is a graduate of the Catholic University of America, Washington, D. C., will teach Theology. The Rev. Edward Kelly, BA, chaplain of the Benedictine Hospital, will teach Sociology. Father Kelly, who has been a Navy chaplain for several years, recently assumed the post of hospital chaplain. Mrs. Carol Dordick, RN, BS, a graduate of Hartwich College, Oneonta, New York, will be an assistant nursing inspector.

Thirty-one freshmen students and their parents were welcomed at a reception given by the Student Nurses' Mothers Club in the residence of the School of Nursing on September 3. The new students began week of orientation on the Benedictine hilltop in which they were acquainted with the school, hospital, community activities and resources. The orientation was given by the Benedictine Sisters, the faculty and upper classmen.

The Benedictine Hospital School of Nursing was established in 1902 and is conducted by the Sisters of St. Benedict. A modern school and residence was opened early in 1959. The School of Nursing is registered by the Regents of the University of the State of New York and is accredited by the National League for Nursing.

Christmas Concert Is Planned Here by Lyric Choristers

At the annual banquet of Lyric Choristers held recently, it was announced that a Christmas concert will be given on December 11 at the George Washington School.

Additional winter plans include a program at State Hospital in Middletown on December 20 at the Kingston Savings Bank.

Edward Green is director of Lyric Choristers assisted by Bryan Steeves. Rehearsals are held every Wednesday at 8 p. m. in the George Washington School. All singers are invited to join.

For the banquet, John McCullough, tenor, sang several selections and served as master of ceremonies. Also on the program were Alice DeStefano, vocalist, accompanied at the piano by Barbara Lottridge; Beverly Nardone, dancer; and a vocal trip, June Scherer, Virginia Mancuso and Roberta Gaddis. Robert Moore was the accompanist for the trio and Mr. McCullough.

Stork Shower

A surprise stork shower was given for Mrs. Katherine Ambrose recently at the home of the hostess, Mrs. Henry Helman of Bloomington.

Guests included Miss Dianne Bordenstein and the Mmes. Ann Bordenstein, Helen Bordenstein, Dorothy Atwood, Catherine Cook, Joyce Houghtaling, Barbara Costa, Marge Tierney, Agnes Felton, Claire Maschino, Doris Evory and Bess Reilly.

Also attending were Mrs. Oscar D'Luhosch, mother of the guest of honor, and Miss Catherine Cooke of Poughkeepsie, an aunt.

BARBARA MONCURE

LWV Breakfast on Sept. 30; Campaign Will Get Underway

The League of Women Voters will launch their annual fund drive with a breakfast on Monday, Sept. 30 at the home of Mrs. Robert Kurland, 16 Spring Lake Drive, this city.

A special program of suffragette songs will be presented by Barbara Moncure, folk singer. Mrs. Moncure is a music therapist at the Wiltwyck School for Boys. She majored in music at the Juilliard School of Music and her most recent appearance was for the annual meeting of the New York State Folklore Society at Cooperstown.

On Monday, Sept. 23 members of the League will hear a report on county government. The report will be given at a general meeting at 8 p. m. in the Kingston City Library.

A committee from the Kingston League, working in conjunction with the Leagues in Woodstock and New Paltz, is publishing a booklet on Ulster County. The booklet will be available in October.

Also on the agenda will be a discussion: "Should Each Nation Have One Vote in the UN?" A consensus of opinions will be forwarded to the State League.

Membership in the League of Women Voters is open to all women of voting age. Those interested are invited to attend the general meeting.

SENDING SECOND WEDDING PRESENT

Q—About a year ago a friend of mine was to have been married and I sent her a wedding present at that time. The wedding was called off at the last minute but she did not return my present. She is going to be married soon to another man and I have again received an invitation to her wedding. I would like to know if it is necessary to send another one at this time?

A—It was very remiss of her not to have returned your first present, and you certainly need not send her a second one now.

Engaged to Bridegroom's Father

Q—In about three months I am to be married to a widower. His son is being married in two weeks. I would like to know where I should be seated in church and also at the reception at this wedding. My fiance thinks I should sit in the front pew beside him and also at the family table at the reception. As I will not as yet be his wife, I don't think it will be right for me to occupy these places. Will you please advise me as I don't want to be criticized.

A—If your engagement has been announced to the bridegroom's father, it will be entirely proper for you to sit beside him in the front pew and also at the family table at the reception.

Accepting Watch From Young Man

Q—May a girl properly accept a watch for a birthday present from a young man who is just a good friend and nothing more?

A—Propriety depends upon the value of the watch. That is, if it is obviously inexpensive and he is someone she has known a long time, she may accept it. But if it is of great value, especially if set with jewels, it would not be proper unless they are engaged.

Schatzel-Copeman Wedding Announced

Miss Barbara Anne Schatzel, daughter of Mr. and Mrs. Edwin J. Schatzel of 222 Harwich Street, this city, exchanged marriage vows with Richard H. Copeman, son of Mr. and Mrs. Henry Copeman of Saugerties.

The 2 p. m. wedding ceremony took place on Sunday, Sept. 8 at St. Joseph's Church with the Rev. William E. Williams officiating. Mrs. Frank Rafferty was the organist.

White gladioli decorated the church for the occasion.

The bride was given in marriage by her father. She wore a gown of Chantilly lace with silk bombazine fashioned with a portrait neckline, long tapered lace sleeves and a full skirt worn over hoops. A veil of imported silk tulle was shirred to a cap of stylized silk leaves and pearls. She carried a colonial bouquet of white pompons.

The bride's sister, Mrs. Victor Androvich of Hillside Terrace, this city, was the matron of honor. She wore an embossed taffeta gown with wide neckline, molded bodice and bell skirt with watteau train. A matching cap held a flirtation veil and she carried light blue pompons.

Attendants were Miss Maureen H. Schatzel, sister of the bride, and Mrs. Reginald Mensch of West Hurley. Their gowns were identical to that worn by the honor attendant except in royal blue and pink.

Reginald Mensch of West Hurley was best man. Ushering were Victor Androvich of Hillside Terrace, brother-in-law of the bride; Howard Ricketson of Saugerties, brother-in-law of the bridegroom.

A reception was given at The Alpine in Rosendale. Afterwards the couple left for Canada. The bride wore a three piece beige suit with beige accessories.

Mrs. Copeman was graduated from Kingston High School with the Class of 1958. She is a cashier for the Governor Clinton Market. Her husband, an alumnus of Saugerties High School, class of 1956, served four years with the U. S. Marine Corps and is employed by the Ulster County Department of Highways as a mechanic.

The couple plan to reside in Kingston.

Sons of Norway

Hudson Valley Lodge, Sons of Norway, were visited by the Counselor of the third district at their meeting Saturday night. On the Evaluating Committee of the lodges, Gunnar Eriksson of Teaneck, N. J., was pleased with the turnout of members and their friendliness that prevailed.

New members welcomed into the lodge were Mr. and Mrs. Jarvis Bolstad and Mr. and Mrs. Flaum of Poughkeepsie, and Mr. and Mrs. Raymond Vig of High Woods. The pie baking contest was won by Mrs. John Stawicki and Mrs. Olav T. Sande.

Plans are being made for a Halloween dance similar to last year's. It will be held Saturday, Oct. 19 in the Pinecrest Acres Hall of members Mabel and Reiny Hall of Port Ewen. The Kay Ray Trio will furnish music for square dancing, folk dancing and games. Friends of lodge members are invited.

The Hudson Valley Lodge of the Sons of Norway meets the second Saturday of the month at the American Legion Hall, Kingston, and is always desirous of meeting others of Norwegian background. Mrs. Lars Risday of High Woods is the president. She may be contacted about membership.

Yale Withdraws Wallace's Invite

NEW HAVEN, Conn. (AP) — Yale University has firmly shut its gate to segregationist George Wallace, governor of Alabama.

Wallace had accepted an invitation to speak before the Political Union, a student debating society, Nov. 4. The society withdrew the invitation Thursday after Yale's acting president, Kingman Brewster Jr., argued against it.

Brewster, university provost, said in a statement he asked the students to consider the impact the invitation would have on relations between Yale and the city of New Haven and its Negro population. He said he was grateful for the cancellation.

Wallace had no comment.

Area Student Honored At St. Rose College

ALBANY—A student at the College of Saint Rose, Miss Kathleen O'Brien, daughter of Mr. and Mrs. Thomas O'Brien of 7 Mountain View Avenue, this city, has been selected to participate in the Honors Program now in its third year at Saint Rose.

Miss O'Brien is one of 18 students out of a class of 148 sophomores who will take part in a special course in contemporary social sciences, "Man and Society." A discussion group conducted by Dr. Egon Plager, lecturer in sociology at the College, and Sister John Francis, M.A., asistant professor of history and political science, the course is designed to bring about deeper understanding of contemporary problems. Students are selected on the basis of ability and achievement.

The Honors Program at Saint Rose places greater responsibility upon the individual student and encourages independent study. Taking part in a Pre-Honors Program, freshmen participate in special courses in English, while juniors in the Honors Program study Metaphysics. Proposed courses for the fourth year of the Program will be in Theology.

Unusual Antiques To Be Shown at Dutch Church

An early 18th Century baby carriage, a collection of miniature dolls from all over the world, and a Venetian glass apperin are among the unusual items to be on display during the antique show Oct. 2 and 3 at the Old Dutch Church in Kingston.

Some of the items will be on display from Sept. 22 through Sept. 28 at the window of the Kingston Area Chamber of Commerce in the Governor Clinton Hotel. The display was arranged by Miss Nellie Elmendorf and and Mrs. Albert O. Sonnenberg.

The show, which will be held in the church's Bethany Hall, is sponsored by the senior choir to benefit the choir organ fund. It will be open to the public each day from 10 a. m. to 10 p. m. A luncheon will be served on Wednesday and a smorgasbord on Thursday.

Among dealers who have already contracted for space are some from Kingston, Woodstock, Poughkeepsie, Brockport and and Spencertown. Booths are still available and interested dealers may secure information from the church office or from Mrs. Sonnenberg, 75 Millers Lane, here.

School 'Milk Break'

NEWTONVILLE, N.Y. (AP)—Shaker High School in this Albany suburb has inaugurated a 15-minute "milk break" at midmorning for its 925 pupils, who head for school shortly after dawn and would face a long fast between their morning meal and lunch.

The menu consists of milk and cookies. No coffee is served.

Shaker High classes begin early because the buses that carry pupils to the schools are needed later to transport pupils in lower grades to other schools in the sprawling district.

Al Jolson, the famed singer, was born in Russia and came to the United States when he was about seven years old.

Fabrics played an important role in the designs shown at the Paris fashion collections. Roberto Capucci won applause with this two-piece confection (left). The delicately glittering fabric is made of sheer pink nylon organdy and transparent Lurex yarn. For extra impact, the suit is striped with bands of beading. For the casual suit (right) by Balmain a thick, yet lightweight tweed of "Orlon" acrylic and mohair is used in pink, mauve and white. The short jacket, with slightly nipped-in waist is a classic with this designer.

Are you a Unitarian without knowing it?

- Do you believe the Bible to be an inspiring human document, rather than the literal "word of God"?
- Do you believe that man is not condemned by the doctrine of "original sin," but is inherently capable of improvement?
- Do you believe the development of character to be more important than the accepting of religious creeds?
- Do you believe the purpose of religion is to help us live this life nobly and constructively, rather than to emphasize the preparation for an after-existence?

The Unitarian answers are affirmative. Join with other religious liberals who insist upon individual freedom of belief and the use of reason in religion.

DO YOU REMEMBER

By SOPHIE MILLER

Soon the foliage will turn beautiful bright yellows and orange and will soon drop off for a winter"s rest. Then the rocks and stones will show up barren and foreboding as perhaps they were after the ice age. To most of us they mean nothing, just stones, but to geologists they speak a familiar language. I remember in school, talk of the ice-age, but never did they mention the strange formations around us in Ulster County. I guess most of our textbooks are written by strangers to this section, and put out by publishers so they can sell them to every school in the nation, so we learn nothing about local rocks, wild flowers, native animals and local history.

I am still interested in those large slabs of tailored stones used around about Kingston, called by some Dolmite, and I understand quarried at the late Luke Noone's quarry. Clearwater's "The County of Ulster" has a chapter by E. M. Ruttenbar, called "location and topography" in which he writes in part: "The more ancient rocks of Ulster County belong to the Silurian and Devonian periods of the Palaozoic era. The limestone is highly magnesian. . .the slates of the Hudson River period of the lower Silurian age have been in demand for many years for sidewalks, hearth and flooring purposes, and the sandstones were extensively quarried for buildings and other commercial uses. He mentions "The Shawangunk grits" but also calls it the Oneida conglomerate, which was extensively used for millstones, often called Esopus Millstones. It seems the principal production came from the Town of Rochester. We still have many brick and wooden houses standing with stone foundations which could tell a story to a geologist.

This book mentions an able article prepared by James G. Lindsley of Rondout on "The Elenville lead mines." Lindsley was the first Mayor of our consolidated Kingston-Rondout city in 1872, so no doubt the article was written about that time. Lindsley mentions a Medina sandstone found around High Falls and the Town of Marbletown, which was of considerable thickness. I wonder where Marbletown got its name, no doubt from some local stone. Ruttenbar mentions stones called Helderberg, the first being Tentaculite, which he said was fine building stone. These were crowned, he wrote, by rocks known as the stromatopora limestone, a very coarse stratum of corals and sponges.

No doubt, all these glacial oddities are around us, and perhaps in the foundations of our own houses, and in our nearby stone walls. He mentions such rocks as Oriskany Sandstone, which could be seen between Rondout and Wilbur along the banks of the Rondout Creek, and at points in the Town of Rosendale. He says, Lucas Turnpike has a soft shale he calls Canda Galla grit and where it is exposed to weather it crumbles. It is often called slatestone, but it is not true slate, he wrote. He speaks of Carniferous limestone, lying above these grits, which have been extensively quarried for construction purposes where great solidity was required, such as lock stones of the canal, and much heavy foundation of the Brooklyn Bridge are of this stone, as are many of the fine historic mansions along the Esopus Creek. I have often admired the solidity of the large stone railroad bridge supports at the crossing of Wilbur and Greenkill avenue. Where were they brought from, and how were they put there, and what are they?

College Inaugurates President in Tent

POTSDAM, N.Y. (AP)—A tent was the setting today for the inauguration of Dr. William L. Whitson as the 10th president of Clarkson College of Technology.

A college spokesman explained that officials wanted to have the ceremony outdoors but feared rain, so the open-sided tent was erected.

Whitson, 51, formerly was a vice president of the Martin-Mariette Corp. and, earlier, directed development of the Titan missile programs for the Denver Aerospace Division.

He is a native of Denver. He holds science degrees from Union College, the University of Nebraska and the University of Iowa.

Classes were cancelled at Clarkson today.

Whitson succeeds Dr. William G. VanNote, who now is president of Monmouth College in New Jersey.

Apple Growers Turn To Machines These Days

CHAZY, N.Y. (AP) — Apple growers in the Champlain Valley are turning to machines instead of muscle because hand muscle cannot be found these days, according to Donald Green, a leading area grower.

Green gave that opinion in explaining why more and more farmers were turning to bulk storage systems, using bins holding 16½ bushels each. The pickers dump apples directly into the bins, which are handled by fork lift trucks.

Soft-muscled workers get tired and careless with the crates employed in the old-fashioned method. The result is damaged fruit, Green said.

PLATTEKILL NEWS

PLATTEKILL—A fish and chips supper will be served Saturday, 5:30 p. m. at the Plattekill Grange Hall. Proceeds will be used for the building fund of the Plattekill Methodist Church.

The schedule of worship services and classes in the Plattekill Methodist Church has been announced by the pastor, the Rev. Carl O. Hartman, as follows: Sunday school classes, 9:45 a. m. Henry Van Houten, superintendent; worship services 11 a. m., the Rev. Mr. Hartman; organist, Mrs. Mildred Wager.

Mrs. Arthur Dunn was appointed chairman of the annual Cerebral Palsy fund raising program in the Town of Plattekill, with assistants in various districts of the town. A goal of $7,500 was established in Kingston, where a nursery, staff of trained therapists and medical consultants for treating muscular, speech and hearing disabilities is maintained.

Miss Dorothy Olree of Highland, entertained members of the Plattekill Grange with colored slides taken during a trip to the west coast during the past summer, at a meeting held Saturday evening in the Grange Hall.

Serving on the refreshment committee were Mr. and Mrs. Thomas Christopher, Mr. and Mrs. Albert Grimm, Mr. and Mrs. Charles Wood, Mr. and Mrs. C. William Chesser, Mr. and Mrs. Linwood Underhill, Ralph Birdsall and George Schaus.

Local members of Our Lady of Fatima Chapel, Plattekill, will attend a dinner-dance, scheduled for Saturday, 7:30 p. m. at Villa Nueva, Plattekill.

The event will launch the area's participation in the Ulster-Orange-Dutchess Counties campaign for Our Lady of Fatima Church in Plattekill.

The Rev. Anthony Sagrera, honorary chairman of the church's building committee and chairman of general arrangements and reservations will outline the needs of the church.

The chairmen appointed are Mr. and Mrs. Walter Smith, Mr. and Mrs. Patrick Paribelli, Mr. and Mrs. Dominick Ingoglia, Mr. and Mrs. Frank LaGatutta.

The program will start at midnight, with Mrs. Albina Orlowski as director.

August Fiori will be master of ceremonies; music will be furnished by a Latin-American orchestra from Puerto Rico and New York City.

Also billed is Edward Campbell of Plattekill, vocalist, and Karen and Berger Hansen of Gardiner, a roller skating team.

Mr. and Mrs. Merton Jenkins were recent callers on Mrs. Fred Bernard in Modena.

The Plattekill Fire Department will participate in the first annual Fireman's Field Day, sponsored by the Ulster County Fire Chiefs' Association, Sunday, Sept. 29, at the State Armory, Kingston.

Eight companies will participate in the company drills, winners judged by the time and point system.

Drills will be based on normal fire-fighting procedures and taken from the New York State and county fire training program.

Serving on the committee of general arrangements are president of the UC Fire Chiefs' Association, Raymond Morris of New Paltz, C. F. instructor, George Garrison, of Ellenville; Bureau of Safety, New York State, Hillary Schults of Kingston; Chief of the Plattekill Fire Department, Thorolf Hagen; Chief of the Olive Bridge Fire Department, Albert Fox.

Capitol News In Brief

By THE ASSOCIATED PRESS

WASHINGTON (AP) — In the news from Washington:

RUSSIANS IN CUBA: The Citizens Committee for a Free Cuba reports it has evidence that a considerable number of Russians are being withdrawn from Cuba.

But, the committee, added, Chinese, African, Spanish, Latin-American, Czech and other Communists seem to be arriving at about the same rate the Russians are leaving.

"As for the new arrivals, they are going almost entirely into 10 training camps, some of them devoted exclusively to foreigners, for tough courses in guerrilla warfare and other military tactics," the committee reported.

Official U.S. sources professed to have no specific information on Russian departures or arrivals of other Communists, except that several Russian ships capable of carrying a large number of passengers have been in Cuban ports recently.

FRENCH SHIPPING: The State Department is taking up with Paris the question of French ships going to Cuba.

The first appearance of French ships in Cuban trade since the Kennedy administration started blacklisting such vesssels was reported Thursday by the department.

Press officer Robert J. McCloskey said four French ships tied up at Cuban ports this month.

"We are in communication" with the French on the matter, McCloskey said tersely.

ROTC: The Defense Department has proposed cutting the college ROTC program from four years to two but to continue the high school program.

Early in the year, the Pentagon had suggested doing away with the high school course—an idea opposed by a House Armed Services subcommittee which has called for an expansion of the high school ROTC.

Thursday Asst. Secretary of Defense Norman S. Paul suggested the two-year college plan to the subcommittee, and although he opposed broadening the high school ROTC now, he proposed the Army set up pilot training programs for three years to see if expansion would be wise.

HULL STAMP: The design of a 5-cent postage stamp memorializing the late Cordell Hull, wartime secretary of state, has been unveiled.

The green and white stamp, with Hull's name under his picture, will go on sale Oct. 5 at Carthage, Tenn., birthplace of Hull and of Sen. Albert Gore, D-Tenn., in whose office the stamp design was displayed Thursday.

CHICAGO (AP)—"How wonderful it is that people retire from the presidency," says the Rev. Dr. Eugene Carson Blake, head of the United Presbyterian Church in the U.S.A.

That was Dr. Blake's reaction when told that former President Harry S. Truman had said the South would solve its racial problems if Northerners would mind their own businesss.

Dr. Blake, who has joined several Negro demonstrations for civil rights, told a news conference Truman is "out of touch with reality on this one."

BRASILIA, Brazil (AP)—President Tito of Yugoslavia, who's trying to drum up new business in Latin America for his Communist country, met briefly with President Joao Goulart of Brazil.

Sources said they discussed problems of underdeveloped countries and will meet again.

Tito also is trying to win support for his cold war non-alignment policy. At a banquet in Tito's honor, Goulart made a point of saying Brazil is in no one's camp.

SAN FRANCISCO (AP)—James P. Mitchell, secretary of labor in President Eisenhower's Cabinet, has been appointed coordinator of human relations in San Francisco.

Mayor George Christopher selected Mitchell for the task of handling racial discrimination problems. The job doesn't pay a salary.

Gets 12 Traffic Tickets Within 5 Minutes Upstate

ROCHESTER, N.Y. (AP) — Charles Ruffle became slightly ruffled on his 23rd birthday when he was presented with 12 tickets for 12 traffic violations—all within five minutes.

Ruffle was driving a truck through downtown Rochester Thursday when he was stopped by the police. The 12 infractions are:

1. Driving with an insecure load;
2. Driving an unregistered truck;
3. Driving with no insurance;
4. No directional signals;
5. No stop lights;
6. Insecure license plates;
7. No operator's license;
8. No splash guards;
9. Improper weight markings;
10. No rear reflector;
11. Driving an uninspected truck;
12. Driving with an unregistered trailer;

Police said Ruffle was stopped because pieces of wood were falling from the truck as he drove along.

WOODSTOCK NEWS

Democrats Pick William West For Highway Superintendent

William E. West, well known Woodstock building contractor and civic figure, has been nominated as the Democratic Party candidate for superintendent of highways at the November 5 election.

West was named by the party's Committee on Vacancies when Charles A. Jennings withdrew from the race because of the pressure of business. West will oppose incumbent Albert C. Cashdollar. Jennings ran against Cashdollar in 1961.

The president of the Woodstock Township Chamber of Commerce since its re-organization, West resigned that post last night. It was accepted with regret by the membership. West has also been active in the Rotary Club and civic movements in the township over the past several years. He was succeeded as Chamber president by vice president Alvin Moscowitz.

A second change on the Democratic ballot finds Mrs. Jane Axel of Shady replacing Mrs. Ellen Dickinson, who declined the nomination. Mrs. Axel, wife of Milton Axel, former prominent Democratic figure, is a part time teacher and painter.

The new candidates will be introduced, along with the other candidates, at the Democratic Club's annual picnic-rally Sunday at 1 p. m. at the White Horse Inn.

W. Hurley P-TA Opens Season

The West Hurley P-TA will inaugurate its 1963-64 season on Sept. 24 at 8 p. m. in the multipurpose room at the West Hurley school.

Mrs. Lloyd Collins, president of the local P-TA unit, will preside at the business meeting. At that time a report on the progress of the Onteora building program will be given.

Mrs. Floyd Robbins, Ways and Mean chairman has announced there will be a bake sale prior to and after the program. Homeroom mothers have called parents advising and requesting them to bring baked-goods, homemade candy or preserves with them so they may be sold at the bake sale. Money derived from the sale will be used for school projects. Assisting Mrs. Robbins will be Mrs. Robert Finke, Mrs. Stanley Morse, Mrs. Charles Guadagnola, Mrs. Carl Brown and Mrs. Brian Silk.

Following the business meeting the various classroom and special teachers will be introduced to the audience. An open house at which time parents can view the physical aspects of the school and also meet their children's teachers will conclude the evening's program.

Attend Meeting

Mrs. Erne Levins, school principal and advisor to the P-TA and members of the executive committee of the P-TA attended the fall conference of the Central Hudson District P-TA at the J. Watson Bailey Junior High School in Kingston on Thursday, Sept. 12. Representing the West Hurley P-TA were Mrs. Leonard Zimet, Mrs. Jack Burlingham, Mrs. Lloyd Collins, Mrs. Floyd Robbins, Mrs. Ruth Heisman and Mrs. Donald Tiefenthaler. Mrs. Jane Dudan, president of the Central Hudson District introduced various speakers among them, Dr. George Sullivan, superintendent of Onteora Central Schools; Dr. George Bond, principal of the Campus School, New Paltz; Dr. Hoover, superintendent of the Kingston Schools Consolidated and Stephen Hyatt, principal of the host school. Members of other area P-TA also attended the meeting as well as executive officers of the Mid-Hudson District, Mrs. Cole and Mrs. Boardwell. Former president of the Central Hudson District P-TA, Mrs. Anne Larys a member of the Onteora Board of Education was also in attendance.

Women's League Open House Is Well Attended

About 65 members and guests were welcomed by Mrs. Alvin Moscowitz, president, at last week's Woodstock League of Women Voters Open House.

Mrs. Ernest Wittner, in a talk on Practical Politics, stressed the importance of each and every vote starting at the level of the local caucus. Referring to Constitution Week, Sept 17-23rd, she pointed out how dependent our government is on citizen participation.

Miss Florence Hubbard outlined the aims and plans for the Voters Service Committee for the coming year.

"What the League Means To Me" was discussed by Mrs. Anthony Robinson. Drawing a comparison between the pioneer woman, in whose limited world her importance to those who needed her was so much more easily defined, the modern woman, so much better informed and newly educated, struggles to find her new role. She finds her life cannot center on the home alone. The League, with its programs on local, state, national and internation levels directs and stimulates her.

An impressive array of League publications and workshop resource materials were displayed.

The League of Women Voters, a non-partisan organization, works in the field of local, state and national government. The League welcomes new members. Information on membership is available from Mrs. Dwight OR 9-6101.

Seek Donations In Local Area

Residents of the Woodstock area who would like to express their concern over the tragedy that took place in Birmingham last Sunday can join other individuals in the community who are sending their contributions to help rebuild the bombed-out Sunday School Room of the 16th Street Baptist Church in memory of the four little girls who died there.

Checks should be made out to the 16th Street Baptist Church, Birmingham, and mailed to Box 492, Woodstock. Contributions may also be given to any clergyman, who will forward it. Co-treasurers for the fund are Elbert C. Varney, manager of the Woodstock Branch of the Bank of Orange and Ulster Counties, and Mrs. Manuel Bromberg.

Democrats Pick Gavin and Grad

With town caucuses wrapped up and smothered in moth balls for another two years, Woodstock Democrats hit the campaign trail this week by announcing that a veteran campaign manager with lengthy experience in the field, and an experienced attorney, long associated with Democratic causes, will serve as co-chairmen of the Democratic campaign in Woodstock this fall.

Peter Grad, a chemical engineer at Rotron, and Franklin P. Gavin, local attorney with offices in Albany, will manage the hard-hitting campaign planned by the seven Democratic candidates whose names will appear on the ballot in the coming November township elections.

Grad is a graduate of both Pratt Institute of Science and Technology and of Brooklyn Polytechnic Institute. He holds a Master of Science degree from New Bedford Institute of Technology; is a member of the National Research Council and various other technical and scientific organizations. A fellow of Phi Lambda Upsilon, he served as technical director of Aerovox Corp. before joining Rotron. Knowledgeable in matters other than political, he has also served on the Regional Development Board of South Eastern Massachusetts; was a member of the Board of Trustees and chairman of the Education Committee of New Bedford Inst. of Technology.

Has Good Background

Grad is well versed in public speaking; brings plenty of political know-how into the local Democratic encampment, having worked on several occasions as a campaign manager in the tough political territory of Kennedy's Massachusetts stronghold.

Gavin, a member of the New York State Bar Association, is an attorney with a reputation for winning hard-fought court cases; has a rapier-sharp mind and wit; and is a life-long Democrat who has worked for the party on local, county and state levels. He is a member of the Board of Directors of the Woodstock Democratic Club; was chairman of the recent Democratic caucus; toastmaster of the Club's spring dinner in honor of State Comptroller Arthur Levitt; and is a member of many local organizations.

The first job of the Grad-Gavin combination will be to successfully promote this week's Democratic Club picnic and rally, slated Sun., Sept. 22, at the White Horse Inn here, from 1-5 p. m. The day's program will feature a sumptuous bar-b-q spread of chicken, corn on the cob, salad, hot rolls, coffee and dessert. Every area Democratic family and their children are urged to attend; to enjoy the meal, applaud the speech-making of their local candidates, and relax to the tempo of some fine musical entertainment.

Group Is Formed To Assist Church In Birmingham

A group of Woodstock residents has been formed to endorse an appeal for funds for a memorial fund to help in the restoration of the bombed-out 16th Street Baptist Church in Birmingham, Alabama.

A partial list of persons who have endorsed the appeal follows:

Mrs. Ethel Adams, Gordon Anderson, Mrs. Manuel Bromberg, Right Rev. Monsignor Austin Carey, Rev. James Cook, Mrs. Manuel Bromberg, Allen Cochran, Mrs. Henry Cowell, Mrs. R. C. Earnest, Mrs. John W. Ebbs, Alf Evers, Mrs. Gregory Gebert, Arthur E. Hansen, Rev. Donald Edgar Hicks, Miss Florence T. Hubbard, Mrs. Mari Heubsch, Mrs. Daniel C. Kleine, Rev. Norman C. Krapf, Abram F. Molyneaux, Kate B Musof, Mrs. James Mulligan, Charles J. Tiano, Elbert C. Varney, Roy Van Wagner, Virgil Van Wagonen, Mrs. William West Jr., Walter S. Van Wagenen, J. C. van Rijn, Rev. Lloyd H. Uyeki, Rev. Clifford Green.

Call to Pastor

On Tuesday evening, Mrs. Henry Cowell called the residence of the Rev. John Cross in Birmingham to let him know that sympathy in the Catskill Mountain area of New York State was taking this tangible form and was told that Dr. Cross was visiting the bereaved families. Mrs. Cross took the message and expressed her own warm appreciation, adding that such spontaneous help from strangers would surely give a lift to the hearts of people in Birmingham, who are going through sad and painful days, the local committee said.

Trucker Is Hurt As Vehicle Flips

A 25-year-old truck driver was injured at 3 a. m. today when a tractor-trailer he was driving careened off Route 209 at Hurley and overturned, according to Kingston State Police.

Sergeant Henry Rhodes said Grant Eugene Lezette, of 116 South River Street, Coxsackie, apparently fell asleep as he was traveling south on the highway. He was taken to Kingston Hospital suffering multiple lacerations of the face and body contusions and a possible skull fracture.

Troopers Fred Cooper and Craig Bremer of the Kingston sub-station investigated.

Anglo Cartoonist Dies

LONDON (AP)—Sir David Low, British cartoonist, died Thursday night after a long illness. He was 72.

Sir Winston Churchill once described Low as "the greatest of our modern cartoonists," although Sir David's political caricatures often were less than kind to the former prime minister.

Seek Permission To Use Schools For Caucuses

The Onteora Board of Education has taken under advisement a proposal by Trustee David Carlson of Woodstock that school buildings in the district be made available to recognized political parties for caucus purposes.

Carlson noted that at the recent heavily attended Republican caucus at Town Hall in Woodstock more than 100 persons were forced to stand in the rain waiting to vote. It was reported as the largest caucus ever in the history of the township.

Board President Philip Gordon noted that under present State Education Department law the holding of political meetings was barred in public school buildings. He said he would check into the possibility of having the rule amended by a public referendum in the Onteora district at the annual school meeting in May, 1964.

U.S. Test Ban Debate Chills Hope for Early Disarmament

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — This country has spent over $500 billion on defense since the war but year after year the outcome of disarmament talks with Russia could be predicted by a child: Nothing.

President Kennedy, who had watched those fruitless and expensive years go by, finally said on Jan. 11, 1962:

Turned Down on Summit

"This nation has the will and the faith to make a supreme effort to break the logjam on disarmament and nuclear tests, and we will persist until we prevail, until the rule of law has replaced the ever dangerous use of force."

Premier Khrushchev followed this up Feb. 7, 1962, with a letter to Kennedy and British Prime Minister Macmillan, proposing that the heads of 18 nations have a summit meeting to start off the 1962 disarmament talks.

Kennedy and Macmillan turned him down. Kennedy didn't close out the idea of such a summit altogether. He just said he didn't think it worthwhile until there had been some progress in disarmament talks on a lower level.

So there was no summit meeting but representatives of 17 nations—France would take no part—met on and off during the year at Geneva to discuss disarmament. And the result was the same as in all the years before.

A ban on nuclear tests would be the sensible first point in any agreement on disarmament but the United States and Russia gagged on how to achieve that much accord. So everything broke down on that.

Done by Compromise

While the two nations might be able to agree on banning tests in the atmosphere, outer space and underwater, since they had instruments to check cheating in those regions, they got stuck on how to ban underground tests.

For this the United States wanted an inspection system. The Russians said inspection was spying. Even early in 1963 Kennedy was doubtful there could be any agreement on a test ban. Yet by midsummer of 1963 agreement was reached.

It was done by compromise. All tests would be banned except underground. This was the most important single agreement between the United States and Russia since the war.

The Kennedy administration considered it a possible first step toward even broader settlements. But there is a point here which may have real significance for the future if there is ever to be agreement on disarmament:

The nuclear test-ban agreement was achieved in a British-American-Russian meeting in Moscow, not at the Geneva conference of 18 nations.

Repeats 1962 Proposal

Then Thursday in the United Nations in New York, one day before Kennnedy was to address the organization, Soviet Foreign Minister Andrei A. Gromyko repeated the 1962 Khrushchev proposal which Kennedy had rejected.

He suggested an 18-nation summit meeting before next June 30 to discuss disarmament.

It might seem now Kennedy would be more responsive to the idea of a summit on disarmament than he was early in 1962 when he said that before there was a summit there had to be progress. The test ban since then was progress.

But, while the ban can be considered a big advance in American-Soviet relations, what has happened in this country over that agreement chills any hope for a general disarmament agreement for a long time.

It revealed a deep, perhaps in some people a pathological, suspicion of Russian intentions. The President had to fight for weeks in an effort to get Senate approval of the test ban, although now approval seems sure.

Being sure the Russians don't cheat on a test ban is simple compared with the anti-cheating problems involved in disarmament. Debate in this country over disarmament would probably be the fiercest and most tortured in history.

This is ironic since the United States has protested to the world for years it wants disarmament. Nor is there any certainty the Russians want it. Talking about it can be cheap and easy propaganda.

IN THE Service

In Overseas Exercise

A former Ellenville resident, Army Chief Warrant Officer Melvin L. Lievre, whose wife, Anna, lives at Valley Station, Ky., and other members of the 10th Transportation Group, participated in Exercise Lion Vert, in central Europe.

Lion Vert, a NATO command post exercise, was designed to practice communications and staff procedures among the allied forces defending central Europe. The 10-day exercise, which ended Sept. 12, included flight missions by the allied tactical air forces.

Lievre, a maintenance technician in Headquarters Detachment of the group's 29th Transportation Battalion near Boblingen, Germany, enfer the Army in February 1941 and arrived overseas on this tour of duty in October 1961.

He is the son of Mrs. Carrie Lievre, Napanoch.

Visit in Cannes

Marine Private First Class Larry E. Welch, son of Mrs. Marion Chase of Port Ewen, and Marine Lance Corporal George Kruger Jr., son of Mrs. Elisabeth Kruger of Burnt Meadow Road, Gardiner, serving with Marine Battalion Landing Team 1-6, a Second Marine Division unit in the Mediterranean, recently visited Cannes, France.

His week in Cannes included arranged trips to Paris, fishing tours in the French Alps, and pilgrimages to the Shrine of Lourdes for Catholic personnel.

The Landing Team's Mediterranean tour has including tactical landing exercises, live fire operations, weapons training and small infantry tactics.

Like other U. S. forces abroad, the unit had the added mission of furthering the President's "People-to-People" program. A highlight of the Aug. 12 through 19 visit to Porto Scudo, Sardina, was the presentation of gifts, including sports equipment, to two orphanages. Five Marines were chosen from the battalion's various units to deliver the articles to the two orphanages at a village some 20 miles from the Marine's camp site.

Assigned to New Ship

Donald D. Davis Jr., aviation electrician's mate airman, USN, son of Mr. and Mrs. Donald D. Davis of Route 2, Kingston, a crew member of an amphibious assault carrier was forced to move to a nearby personnel ship during current overhaul.

The vessel is undergoing a nine-million-dollar overhaul under the Navy's Fleet Rehabilitation and Repair program at the Long Beach, Calif., Naval Shipyard.

Her crewmen moved to the personnel ship to allow improvement work on their own living spaces in the carrier. They will spend about three months aboard the personnel ship before returning to their ship in November.

With Fighter Squadron

Marine Second Lieutenant Albert L. Comstock, son of Dr. and Mrs. John A. Comstock of 317 Lucas Avenue, Kingston, is serving with Fighter Squadron 333, an Atlantic Fleet unit at the Marine Corps Air Station, Beaufort, S. C.

Prior to reporting to the Squadron he completed 18 months flight training in Florida and Texas.

A member of Second Marine Aircraft Wing at Beaufort, his unit flies the "Crusader" fighter plane.

Squadron personnel are in constant training in order to maintain combat readiness and effectively meet America's defense needs.

Princess Enters School

LONDON (AP)—Princess Annne, 13 years old and a big girl for her age, cast off the royal apron strings today and became an English school girl.

Queen Elizabeth II brought the princess on the overnight train from Scotland to see her settled in at Benenden, an expensive girl's school 20 miles from London.

Hollywood News, Views

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD (AP) — That astute observer of the Hollywood scene, Lauren Bacall Bogart Robards, is back in town and here's what she sees: Hope.

"Two years ago when I was here, the town seemed like an open grave," she commented. "Now there seems to be a different atmosphere. The old order is passing, and young directors and writers are taking over and doing things. There is new enthusiasm and life."

There is always life in town when Miss Bacall is here. She has returned from the New York apartment she shares with actor Jason Robards and their assorted broods. Her assignment: Playing a villainous psychiatrist in "Shock Treatment."

During her stay here, Miss Bacall has lived at the beach, but she has seen enough of the local scene to make a report.

"There don't seem to be the big parties any more," she said. "The big names, died or moved away. Oh, there are some left, I suppose, but they keep to themselves or to small groups of friends.

"I think that may be just as well. The parties got to be common; there was no reason for them. It was the same way with premieres. Every other picture that came along had to have a premiere. The premiere as an institution didn't mean anything any more."

The actress is pained to find herself lumped with longtime movie veterans in reviews of Hollywood's golden years in television specials and books.

"I was only 19 when I started," she protested. "I was working with people who were double my age and more—two or three generations ahead of me. Now I'm made to seem like an old bag, and I'm not."

Indeed she isn't. The long Bacall gams, the throaty voice, the vogue-model looks seem in just as good repair as when she made her debut in "To Have and Have Not."

Warehouse Destroyed

CARACAS, Venezuela (AP)—In another incident of terrorism against American businesses, a gang of Castro supporters destroyed a du Pont Company paint warehouse and caused damage of more than $100,000 Thursday.

Armed with submachine guns and shouting pro-Castro slogans, seven terrorists overpowered guards and ignited gasoline bombs in the building. It was the second attempt this year to wreck the building.

Sex Report Next Week

LONDON (AP)—The bulky official report on Britain's sex and security scandal will be published in full next week.

Prime Minister Macmillan decided to release the 60,000-word text after meeting Thursday with his cabinet and Harold Wilson, leader of the Labor party opposition. The publication date was not announced.

Good Pope—So Far

NAPLES, Italy (AP)—Premier Khrushchev's son-in-law says he thinks Pope Paul VI is "a good Pope—so far."

Arriving for a Communist-sponsored journalists' meeting Thursday, Alexei Adzhubei said he will not try to see Pope Paul.

Six months ago, Adzhubei, editor of the Soviet government newspaper Izvestia, was received in an unprecedented audience by the late Pope John XXIII.

Sport Club at Albany Sunday Seeking Third Straight Win

TOP THREE-YEAR OLD — Arthur Thorne, left, accepts the trophy for having the top three-year-old performer at Monticello Raceway this season from the Freeman's Edward Palladino, vice president of the Monticello Chapter, U. S. Harness Writers Association, at the group's fifth annual awards dinner Saturday at the Fallsview Hotel in Ellenville. Thorne's Pocomoonshine was cited as the best sophomore by the scribes. (MR photo)

Having survived a major obstacle in its path to a third straight Central New York Soccer Association championship, the Kingston Sport Club is looking for a breather Sunday at Albany.

Last Sunday before a gala Shriner crowd of 600 at Oehler's the Sport Club racked up the powerful Albany Athletic Club, 3 to 1.

This week its another Albany club—the Albany Sons of Italy at Lincoln Park Sunday at 3 p. m. But nobody is picking the SOI to topple the defending champions.

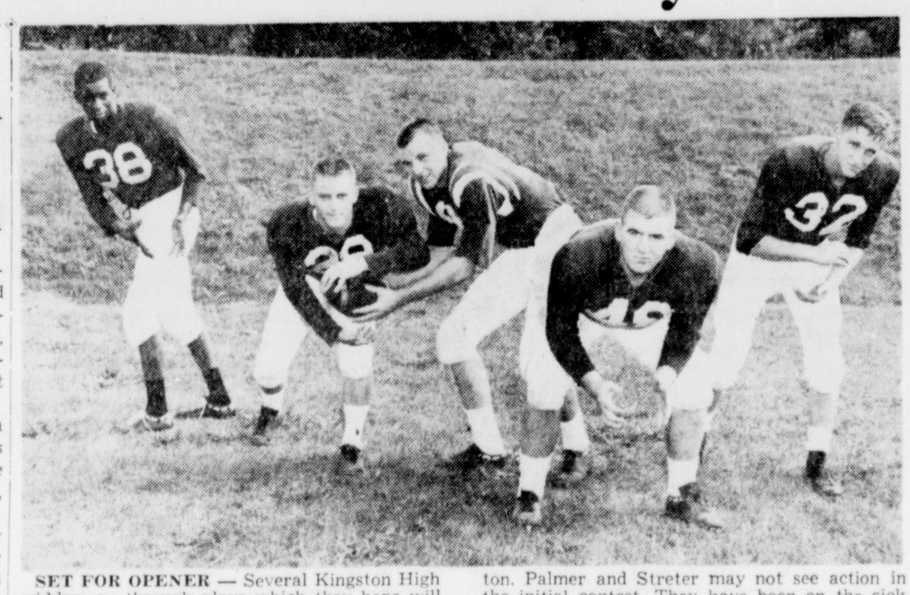

Poughkeepsie Ties

While Kingston was routing Albany and Schenectady and yielding only one goal in the process, the Poughkeepsie team has taken its first two games and tied Kingston for first place with 4 points. The Bridge City booters have outscored the opposition, 9 to 4.

Coach Bob Graves is wary of road games in the upstate league and has warned the locals against a possible letdown, following last Sunday's smashing victory and post-game celebration.

SET FOR OPENER — Several Kingston High gridders go through plays which they hope will produce touchdowns against Suffern Saturday at Dietz Stadium. They are, left to right, halfback Oscar Palmer, halfback Ted Streter, quarterback Paul Gruner, center Ed Burns and end John Sexton. Palmer and Streter may not see action in the initial contest. They have been on the sick list. Coach Bill Hurley's team will oppose the visitors from Rockland County in a 1:30 o'clock contest. (Freeman photo)

Three Regulars In KHS Lineup For Inaugural

BY ED PALLADINO
Freeman Sports Staff

What promises to be another rugged football schedule for Kingston High will commence Saturday as Coach Bill Hurley and his gridders host Suffern, a ranking Rockland County league power in a 1:30 o'clock Dietz stadium attraction.

With only three regulars returning from last season's squad and with a lack of depth after the first 14 or 15 players, the locals have their work cut out for them as they try to make Hurley's debut as head coach a successful one.

Fullback Tom Auringer, end Jim Plunket and guard Bob Hanley are the only returning starters. To go along with them, Hurley has selected Paul Gruner to start at quarterback, Len Mills and either Joe Schabot or Gene Rios at halfback; John Sexton at end; Wayne Platte and Mike Burns at tackle; Ed Mills at guard and Ed Burns at center.

Doubtful Starters

Oscar Palmer and Ted Streter, two backs who won letters last year, are doubtful performers in the opener. Palmer was hurt in a scrimmage while Streter has been out of school because of illness.

Suffern, which has split two previous games with Kingston, also has three veterans from last year's club, which was 2-5-1, including a 19-14 loss to the locals. Coach Nick Mettela, in his eighth season at the Rockland County school has tackle Paul Vilardi, end Nick Stilitine and halfback Jens Bang as the nucleus of this season's club.

Mettola said that Suffern is in a rebuilding process and he expects the team to improve as the season progresses.

This figures to be the only non-league club met by KHS which isn't a powerhouse in its league. Both Albany and Mont Pleasant are favored to battle it out for the Capital District championship and White Plains is a top heavy choice to win in Westchester County.

In area games tonight, Highland meets Saugerties at Dietz Stadium; Nyack is at Port Jervis, Pine Bush at Valley Central and Minisink Valley at Liberty.

In addition to the Suffern at Kingston engagement, Saturday's slate has Newburgh at Arlington, Cardinal Farley at Beacon, Wappingers Falls at Poughkeepsie, Rondout at Dover Plains, New Paltz at Millbrook, Lourdes at Roosevelt and Haldane at Marlboro.

Marlboro Opener

Marlboro Central opens another season under Coach Jack Kroh, meeting Haldane Central Saturday at 2 p. m. at the Marlboro field.

Katrine Club Vies for Titles

Lake Katrine Rod and Gun Club stages its annual club championship in trap and skeet shooting Saturday, starting at 10 a. m.

The event, to be held at the club's trap and skeet field in St. Remy, is open to all shooters. Trophies will be awarded the winners.

Boston College To Test Syracuse

SYRACUSE, N. Y. (AP)—Syracuse University will put its preseason reputation as a football powerhouse to the test Saturday against Boston College.

The BC Eagles are the underdogs. But everyone is nervous. Syracuse Coach Ben Schwartzwalder said Thursday he had had a nightmare "that they were beating us."

Eagle Coach Jim Miller said, "I hope we can just stay in the ball game."

The only other big Upstate college team to take to the gridiron this weekend is Buffalo University, which opened its season last weekend with a 34-0 drubbing of Gettysburg.

Buffalo will travel to Athens, Ohio, and attempt to revenge the 41-6 humiliation suffered last season at the hands of Ohio University.

The forthcoming Syracuse-BC game has many similarities to last seasons game, won by Syracuse, 12-0.

Walley Mahle of Syracuse and Jack Concannon of Boston will face each other again in the quarterback positions.

It was Mahle's first varsity game last year and he scored both of the touchdowns.

The heavier Syracuse front wall again threatens to upset Concannon's passing talent. Orange linemen kept breaking through last year, throwing Concannon for a total of 43 yards in losses. He was held to only 6 completions out of 12 tries for 62 yards.

Syracuse has only a so-so passing attack so the big hometown push is expected along the ground, with power supplied by Mahle and 225-pound fullback Jim Nance.

A crowd of 33,000 to 35,000 is expected at Archbold Stadium here.

The university yesterday declared Gerry Eberling of Binghamton ineligible to compete this season. He had been slated to be starting inside tackle.

The university said that Eberling was on probation and that it did not involve his academic standing. There was no elaboration.

Talent Scout Early Line Pick For $15,000 Su Mac Lad Race

MONTICELLO — Monticello Raceway kicks off its final weekend of harness racing tonight with the $15,000 Su Mac Lad Championship Trot highlighting the nine-race program.

Named for the all-time high money-winning standardbred, the Su Mac Lad has drawn a field of seven starters and will be contested at a distance of one-mile.

Talent Scout, recently voted "Trotter of the Year" accolades by the local harness writers, has drawn the coveted rail slot and has been installed the 5-2 early line choice by oddsmakers. Owner-trainer-driver Earl Smith will handle the four year old stallion, which has won three of 16 starts in addition to finishing second twice and third three times.

Talent Scout, a winner of $9,076 this season, has been a strong performer of late, posting three victories and a pair of seconds in his last five starts.

The challengers, in order of post position, will be Freighter, 5-1, Frank Hardwick; Mr. Nevele, 3-1, Bill Popfinger; Prospector, 7-2, Jack Adams; Mr. Pride, 6-1, Bill Vaughan; Curly Lambert, 9-2, Herve Filion, and Fedoran, 7-2, no driver.

Prospector and Fedoran will run as the Jack Adams Stable entry, both having qualified for the championship race by scoring enough points throughout the season here.

Mr. Nevele, a six year old Duke of Lullwater stallion owned by the Nevele Acres of Ellenville, wound up as the top point-getter with 28. A consistent performer, Mr. Nevele posted two wins, five seconds and three thirds in 21 starts. He banked a total of $14,985 for his owners, almost buying himself out from his $20,500 purchase price of last fall.

College Powers Seek to Avert Major Upsets

By JIM BECKER
Associated Press Sports Writer

The grand old custom of opening with a breather has long since been discarded, with the result that a number of college football teams may have their seasons wrecked this weekend before autumn even dawns officially.

The first full week of the season has some tough scraps scheduled, three of them tonight.

Then on Saturday, nine of the 11 teams in The AP's pre-season big ten—there was a tie for the last spot—get under way. There will be some shattered dreams by midnight. And fall doesn't even start officially until Monday.

UCLA and Pitt are on the slate tonight, with Pitt favored and UCLA upset-minded.

The Orange Bowl will have another tough night game. Miami and Florida State. Miami has George Mira and some fancy sophomores, State has its own prototype passer in Steve Tensi. State Coach Bill Peterson predicts victory.

Tulane, winless last year, and No. 5 Texas, unbeaten in regular play, meet in the other major clash tonight.

On Saturday, No. 1 Southern California opens defense of its national crown against Colorado and No. 2 Mississippi should romp against Memphis State in a night game.

From there on it gets tougher. No. 3 Alabama meets Georgia. No. 4 Oklahoma gets Clemson, no soft touch. No. 6 Northwestern meets Missouri. Northwestern, with Tom Myers throwing, is a touchdown favorite.

No. 7 Wisconsin, the Big Ten champion, meets Western Michigan, and No. 8 Arkansas gets Oklahoma State, at night.

Navy, No. 9 and blessed with a schedule that would make the Green Bay Packers shudder, meets upset-minded West Virginia.

Washington, tied with Ohio State for the No. 10 spot, gets a test from Air Force, in the national television game. Ohio State is idle.

Picking Packers Over the Lions

By JACK HAND
Associated Press Sports Writer

The game that the Detroit Lions and Green Bay Packers have been waiting for since last Thanksgiving Day will be played Sunday at Milwaukee in the top pro football game of the weekend.

Commissioner Pete Rozelle's schedule calls for the defending National Football League champions to face the Chicago Bears, Detroit and Baltimore on the first three weeks of the season. Already beaten by the Bears, Coach Vince Lombardi needs no pep talk to whip up his Packers for their date with the Lions.

Detroit players were free with their comments after their 25-14 shocker over the Packers Thanksgiving Day.

Despite the defeat by the Bears, it is the feeling here that Green Bay will respond to the challenge and turn back Detroit in another grind it out effort.

Here's the way the weekend schedule looks from here: (All Sunday unless otherwise noted)

NATIONAL LEAGUE

Green Bay 13, Detroit 7—Lombardi may have a surprise for the Lions in this bitter battle of two top defensive units. The field goal should win again for the Packers just as it did in their first meeting last year.

New York 20, Pittsburgh 16—The Steelers always are tough for the Giants with their solid defense. Lou Michaels' field goals will keep Pittsburgh in the game but the Giants' air arm is too strong.

Chicago 21, Minnesota 17 — The Bears cannot afford to let down after the Packers game because the Vikings were the terrors of the exhibition season.

Baltimore 21, San Francisco 7—Unless Johnny Unitas was roughed up too much by the Giants, he should shred the 49ers' pass defense.

Los Angeles 21, Washington 14 (Saturday night)—The vulnerable Redskin pass defense can be had if Swede Svare picks the right quarterback.

Cleveland 24, Dallas 21—Jimmy Brown is hot and Frank Ryan has won the quarterback job. The Cowboys looked bad last week against St. Louis.

St. Louis 28, Philadelphia 21—Could go either way. Eagles will miss suspended Don Burroughs on pass defense against Charley Johnson.

AMERICAN LEAGUE

Houston 23, New York 14—The Jets make their home bow and should be improved over their opener two weeks ago.

Kansas City 21, Buffalo 17—The Chiefs romped over Denver and have had a week off to get ready for the Bills who have lost two in a row.

Oakland 28, Boston 20—Al Davis appears to have come up with a good scoring club that will be too much for the Patriots unless Babe Parilli has a hot day.

Denver and San Diego have the week off.

Great Man Kicks Off

Hoople Starts Big, Picks KHS, Sawyers

BY MAJOR AMOS B. HOOPLE
Sage of the Sidelines

Egad! A hearty hello to the millions of football fans from their favorite correspondent. Harumph!

Yes, friends, I am back, fresh as a brand new dollar bill and just itching to kick off another season of forecasting the results in the famed Hoople manner.

I have just returned from a soul searching expedition to the moon. The trip was way up and your correspondent was in charge of tasting the cheese for sampling purposes.

During my spare hours, I computed some charts and came to several conclusions. The first one is that I will finish up with a revolution in the handicapping field by picking better than 90 per cent of the winners each week. The other is that the cheese on top of the moon is bitter—probably from getting too much air (editor's note: too much hot air from Hoople).

Well, enough of this jibber-jabber. I shall start off with three four-star selections. Sauger will trample Highland, Kingston will make Suffern suffer and Rondout Valley will beat the apple knockers from Dover Plains.

Ah, yes, in the collegiate ranks, Army will outclass Boston University, Syracuse should be much too strong for Boston College and those Nittay Lions from Penn State will trounce Oregon.

Scholastic picks:

Saugerties 26, Highland 6
Kingston 20, Suffern 0
Rondout Valley 7, Dover Plains 0
Newburgh 19, Arlington 14
Port Jervis 30, Nyack 13
Poughkeepsie 20, Wappingers 0
Roosevelt 13, Lourdes 7
New Paltz 20, Millbrook 6
Valley Central 16, Pine Bush 12
Beacon 6, Cardinal Farley 0

Collegiate picks:

Army 28, Boston U. 14
Syracuse 32, Boston C. 7
Penn State 34, Oregon 13
Navy 20, West Virginia 14
Pittsburgh 16, UCAL 6

The Old Boy Himself

Touch Football, Soccer League Formed at YMCA

The YMCA touch football and soccer league for boys between the ages of 8 and 14 will be organized at the Y gym Saturday morning at 9:15, Bud Sims, Y physical director, will be in charge.

All games will be played on Saturday mornings at the Athletic Field with soccer for boys 8, 9 and ten years in the third and fourth grades. The touch football will be for boys 10, 11, 12 and 13 for boys in the fifth and sixth grades. All boys that become members of the youth division of the YMCA are eligible for these games and the entire YMCA youth program. A recreation swim, under qualified life guards will take place after both sessions in the Y pool.

The third and fourth grade boys also meet at the Y Tuesday afternoon at 3:45 for gymnasium and swimming instructions. The fifth and sixth grade boys meet on Thursday at 3:45 for their gymnasium and swimming instructions. Special clubs and arts and crafts will be promoted according to interest.

Overtrick Cops Little Brown Jug

DELAWARE, Ohio (AP)—Overtrick, the sleek bay colt owned by Mrs. Leonard J. Buck of Far Hills, N.J., got a lot of revenge Thursday as he won the Little Brown Jug in straight heats.

He did it in fancy style, too. The Solicitor - Overbid offspring raced the first heat far off the rail in 1:57 1-5—the fastest any pacer or trotter has ever gone over a half-mile track in competition. He came right back in 1:57 3-5, making every post a winning one, as he again cracked the old record.

In picking up $38,245, and running his year's earnings to $125,541, the fleet 3-year-old pacer bettered the world record for a single heat of 1:58 3-5 set in 1960 by Muncy Hanover and tied by Bullet Hanover in the first two heats of the Jug. His combined time of 3-54 4-5 also erased the best straight heat time of 3:58 2-5 set by Lehigh Hanover a year ago.

But the big satisfaction to driver John Patterson Jr. of Dalton, Ga., came in the way Overtrick defeated Country Don, the Canadian star driven by youthful Marcel Dostie, and Meadow Skipper, the pride of reinsman Earle Avery.

Meadow Skipper and Country Don, each with a 2-3 heat finish, won $10,927 each. Chapel Chief (9-4), Sly Yankee (4-11) and Max Hanover (5-5), picked up $2,731 each of the total purse of $68,294.

Turkey Shoot at Monroe Gun Club

MONROE—The Monroe Rifle Rod and Gun Club, Inc. will hold a Turkey Shoot on Sunday, September 29th, from 10 a. m. to 6 p. m.

Events scheduled for the day include: High Power Rifle Range. Pistol Range. Trap Shooting. Mo - Skeet. Shotgun Luck Targets. Running Deer Targets and Archery.

Ranges are located on the preserve grounds so that all events are in progress at the same time. Club rifles will be available for those attending without their own firearms. All events will be supervised by, and under the control of, club officials.

Refreshments will be available on the grounds. Covered picnic areas and ample parking are also available.

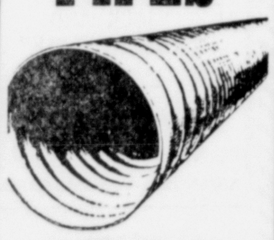

The club's preserve is located on Route 17M between Monroe and Chester. Watch for directional signs on Route 17M.

Those attending this Turkey Shoot will also be welcomed at Old Museum Village of Smith's Clove, at a nominal fee, in conjunction with this shoot. The Museum is located on Route 17M, north of the Village of Monroe.

SERVICE CHAMP: Lance Corporal Peter W. Kelderhouse (USMC), right, son of Mr. and Mrs. Richard J. Kelderhouse of 74 Franklin Street, Kingston, received a trophy from Rear Admiral H. H. Caldwell, Commander Caribbean Sea Frontier for his outstanding performance as pitcher and rightfielder on the San Juan Marine Barracks softball team. The Marine team won the Tenth Naval District championship recently by defeating teams from Trinidad, Guantanamo, and other Caribbean bases. (Official U. S. Navy photo)

Cliff Quick Rolls 287 Solo

Veteran Cliff Quick, the walking bowling encyclopedia, flirted with the Hall of Fame in last night's session of the Invitational Classic.

For a fleeting moment he had visions of a possible 300 game, but an 8-10 "pocket split" shot forced him to settle for 287. He tossed 10 strikes in a row before the split. The big blast followed 171, 186 and gave him a 644 series.

Best series of the night was Herb Petersen's 662 with 254, 194, 214. There were a dozen other "600" sets.

The scores by teams in the Classic were:

Wild Turkey Season In Two Time Periods

ALBANY, N. Y. (AP)—Hunters can shoot wild turkey Oct. 7 through 9 in Delaware County and Oct. 21-26 in Allegany, Cattaraugus, Chatauqua and Steuben counties.

Special permits are required in Delaware County. No permits are needed in the four Western New York counties.

The Conservation Department also announced Thursday that hunters who kill bears during the special bear season, Oct. 1-10, may collect $25 from the department for each head that has been tagged or tattooed by the department. The bears have been marked in a department study.

PUT DAMPER ON THE CARDS — Dodger relief pitching star Ron Perranoski, left, and rookie Dick Nen sit in dressing room at St. Louis after the Dodgers defeated the Cards, 6-5, for a clean sweep of the series. Ron hurled six innings of shutout ball and Nen hit a homer, his first major league hit, in 9th innings to tie up game at 5-5, Dodgers won in the 13th inning. (AP Wirephoto)

Aaron Making Move Toward Triple Crown

By MIKE RATHET
Associated Press Sports Writer

Hammerin' Hank Aaron of the Milwaukee Braves has a solid shot at becoming only the 10th player to wear baseball's triple crown of batting, homers and RBI and the first in the National League in more than a quarter of century.

The right-handed hitter, previously overshadowed by the tight pennant struggle, now has the stage and spotlight to himself in a bid to grab the coveted and elusive major league honor.

While Aaron, 29, continues his bid at Chicago today, the Los Angeles Dodgers open a nine-game home stand against Pittsburgh, hoping to wrap up the pennant race quickly after sweeping the vital three-game series with second-place St. Louis.

The Cardinals, four games behind with only seven to play, will be trying to keep their hopes alive at Cincinnati. Any combination of five Los Angeles victories and-or St. Louis defeats will give the Dodgers their first pennant since 1959.

Last Time—1927

Aaron, trying to become the first triple crown winner in the National League since Joe Medwick of St. Louis in 1937, leads the league with 42 homers and 127 runs batted in, but must come out on top in a six-man struggle for the batting title.

Aaron, of course, has always figured he has the advantage. As he explains it:

"The pitcher has only got a ball. I've got a bat. So the percentage in the weapons is in favor of me."

The schedule isn't. Aaron, currently hitting .319, has just eight games remaining. Dick Groat of St. Louis is leading with a .323 mark, Roberto Clemente of Pittsburgh, San Francisco's Orlando Cepeda and Tommy Davis of Los Angeles are tied at .321 and Cincinnati's Vada Pinson is at .319.

Davis is the defending champion off a .346 average in 1962. Clemente won with .351 in 1961 and Groat won with .325 in 1960. Aaron, who has won all three titles making up the triple crown at different times during his 10-year career, hit a league-leading .355 in 1959.

Al Kaline became the second American Leaguer to hit the 100-RBI mark this season as he drove in four runs Thursday with two homers, a triple and a single in Detroit's 8-6, 13-inning victory over Minnesota.

In the only other game scheduled in either league, Bo Belinsky pitched a five-hitter in the Los Angeles Angels' 7-2 triumph over Baltimore.

Drysdale Goes Against Bucs

LOS ANGELES (AP) — With words of warning from Manager Walt Alston that they still have to win the National League pennant, the Los Angeles Dodgers buckled down to their final home stand tonight.

They send big Don Drysdale against the Pittsburgh Pirates in the first of three games. Drysdale will be looking for his 18th victory and his opponent, Don Cardwell, seeks his 14th.

Johnny Podres and Sandy Koufax will be the Dodger pitchers Saturday and Sunday.

The series opened on a happy note for Danny Murtaugh, who was reappointed manager of the eighth-place Pirates, whom he has served since 1957.

There will be three games next week against the New York Mets and the season closes with three against Philadelphia.

Record Entry For BPAA Event From N. Y. State

The New York State Bowling Proprietors Association, largest and most active such group affiliated with the Bowling Proprietors Association of America, will be represented by 29 men and 14 women in the 23rd running of the BPAA All-Star Tournament at Dallas, Texas, in January, by far the largest delegation from any state.

Allocations to the famed All-Star Tournament are determined by the number of lanes in PBAA membership as of June 1 and, because of a sustained membership drive, New York State was awarded the record total of 43 berths.

Twenty of New York State's 24 local affiliated associations currently are setting up plans for All-Star qualifying tourneys for men and women, the winners to receive all-expenses-paid trips to the big doings in Texas and a chance for a share of the $100,000 prize fund. Marion Ladewig of Grand Rapids, Mich., and Dick Weber of St. Louis will be defending their titles at Dallas.

The two winners of the New York State BPA Open Match Game Championships last June at Ithaca, Betty Maw of Buffalo and Ralph Engan of Yonkers, already are assured of their spots at Dallas. They'll go as direct representatives of the state proprietors' association and both stand a better than even chance of making a good run for the coveted crowns.

The local qualifying tournaments must, according to BPAA rules, be completed by November 17 and entry forms must be in the hands of the BPAA tournament director, Dick Nethaway, at Park Ridge, Ill., by November 20. The full field for the January competition at Dallas will then be announced early in December.

Allocations of the 43 spots to local affiliated associations of the New York State BPA was handled by the Allocation and Promotion Committee headed by Benjamin M. Berinstein of Syracuse. The committee also includes Nicholas DeRosa, Bronx; Harry Mangieri, Brooklyn; Martin A. Waxgiser, Ridgewood; Dominick Mancuso, Batavia; Allie Brandt, Lockport; Nicholas Dubak, Elmsford and Joseph Goodyear, Rochester.

65 Per Cent Slam For Volk, Siker

R. E. Volk and A. Siker of Kingston posted a 65 per cent game to lead the North-South side of the Glenerie Bridge Club's Fractional Point duplicate bridge game. Don Mauro and Michael Liuni of Tillson turned in a 60 per center on the East-West. Twenty four boards were in play in a Mitchell movement.

The runnersup were:

North-South: Dr. Paul Perlman, Woodstock, and Harry Thayer, Kingston, 55 per cent; Mr. and Mrs. Robert Yallum, Kingston, 53½ per cent; Mrs. Morton Honig and Mrs. Sidney Pauker, Kingston 51 per cent.

East-West: Henry Berleth, Woodstock, and Ralph Wesselman, Shokan, 54½ per cent; Mr. and Mrs. Herbert Peck, Woodland, 54 per cent; Mrs. Chester Van Gaasbeek, Hurley, and Louis Kaye, Kingston, 52 per cent.

The monthly Master Point tournament is scheduled tonight at 8 o'clock at the Stuyvesant Hotel.

Palladino At Monticello

Tonight's selections:

1. Chris Lin Sue, Hal Merry, Solicitor's Hale.
2. Dark Print, Medalibon, Carrie's Last Boy.
3. Meadow Sand, Princess Cindy G., Nevele Honeytime.
4. Nat's Hobby, Lady Captain, Chantez.
5. Victory Gary, Licorice, Hush Hush.
6. Friendly Dares, Miss Filibuster, Daley Derwood.
7. Talent Scout, Adams entry, Mr. Nevele.
8. Grand Darnley, Knight Haven, Carolina Kid.
9. Frisco Rebel, Candy Mountain, Pat Hogen.

BEST BET — Talent Scout in 7th race.

UPSET CHANCE—Licorice in 5th race.

Daily Double Payoff Is $122

MONTICELLO—Mr. Makegood, a 14-1 outsider in the wagering, copped last evening's opening dash at Monticello Raceway to set up a healthy $122.00 daily double payoff on the 7 and 1 number combination.

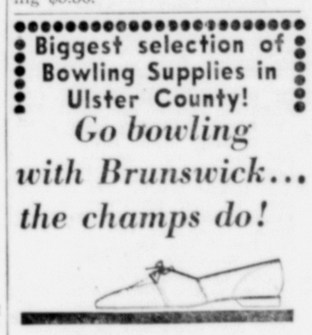

The second half of the DD was taken by 7-2 shot Conestoga Direct.

McKinney Lawhon was in the sulky behind Mr. Makegood, a six-year-old gelding which cut out a 2:07.3 mile en route to his fourth victory in 21 starts. The winner was worth mutuels of $30.00, $8.60 and $3.70.

Success Al finished half-length behind in the $1,000 conditioned trot, paying $6.10 and $3.30. Frenesi was the show horse for $2.60.

Russell Palmer drove four-year-old stallion Conestoga Direct to a 2:08.4 clocking in winning the second race—an $800 conditioned pace. The victory was the second in three starts for Conestoga Direct and the winning time lowered his season mark by a near two seconds.

Conestoga Direct was worth mutuels of $9.20, $4.30 and $3.60 while Mr. Stone got home second for $3.30 and $3.20. Third under the wire was Hi Mite, paying $5.30.

EMPLOYMENT

NOTICE TO JOB APPLICANTS
The Kingston Daily Freeman does not knowingly accept Help-Wanted advertisements from employers covered by the Federal Wage-Hour Law if they offer less than legal minimum wages. Most employes engaged in interstate or foreign commerce or in the production of goods for such commerce must be paid not less than $1.25 an hour and at least one and one-half times their regular rate of pay for hours worked after a maximum workweek of 40 hours, unless specifically exempt. Also, most employes in certain large retail, service, construction and other enterprises engaged in or producing goods for commerce, who have been entitled to a minimum wage of at least $1.00 an hour since September 3, 1961, must be paid overtime pay of not less than one and one-half times their regular rates for all hours worked after a maximum workweek of 44 hours, unless specifically exempt. If you are offered less by covered employers, or if you have questions concerning the Fair Labor Standards Act or other activities of the U. S. Department of Labor, call or write the Department's local office at 881 Gerard Ave., Bronx, N. Y. 10452 WYandotte 2-1235.

NOTICE OF SALE
STATE OF NEW YORK COUNTY COURT: ULSTER COUNTY.

FIRST FEDERAL SAVINGS AND LOAN ASSOCIATION OF KINGSTON,
Plaintiff,
— against —
CORA ROYCE a/k/a CORA M. ROYCE, CENTRAL HUDSON GAS & ELECTRIC CORP., JAMES McELRATH d/b/a B. & M. WINDOW CO., JOHN G. WEBSTER and NANCY WEBSTER, his wife,
Defendants.

IN PURSUANCE of a Judgment of Foreclosure and Sale duly granted in the above entitled action and entered in the Ulster County Clerk's Office on the 17th day of September, 1963, I, JOHN L. LARKIN, the undersigned, Referee in said Judgment named, will sell at public auction at the front door of the Court House at 285 Wall Street in the City of Kingston, County of Ulster, New York, on the 1st day of November, 1963, at 11:30 o'clock in the forenoon, the premises described in said judgment as follows, viz:—

ALL THAT TRACT, PIECE OR PARCEL OF LAND, situate in the Town of Marbletown, County of Ulster and State of New York, more particularly bounded and described as follows:

BEGINNING at a point on the southwesterly street line of Alan Street, said point being 181.41 feet from the intersection of the southerly side of Ricky Road and the southwesterly side of said Alan Street; thence from said point and place of beginning along the southwesterly street line of said Alan Street south 34 degrees 44 minutes east 150.00 feet to a point; thence south 55 degrees 16 minutes west 150.00 feet to a point; thence north 34 degrees 44 minutes west 93.02 feet to a point; thence north 34 degrees 28 minutes east 160.46 feet to the point and place of beginning.

It being the intention to convey herein all of lot No. 32 as shown on the map of subdivision of Rondout Valley Village, Section 2, as prepared by A. S. Brinnier, P. E., and filed in the Ulster County Clerk's Office on the 23rd day of November, 1960 as Map No. 2101.

Excepting and reserving to the party of the first part streets and roads abutting the above described premises for the purposes of dedicating the same to the Town of Marbletown, but granting to the grantees herein the right to use the same for purposes of ingress and egress.

Excenting and reserving therefrom so much as the New York Telephone Company may have to lay underground cable lines along the northerly boundary of the lot sought to be herein conveyed.

Subject to the protective covenants and deed restrictions for said subdivision, dated the 11th day of September, 1959 and recorded on the 11th day of September, 1959, in the Ulster County Clerk's Office in Liber 1075 of Deeds at page 177. Said protective covenants and deed restrictions are made a part of this instrument as if set forth herein at length.

Being the same premises conveyed by Three Cousins Corporation to Kosonen and Gazlay, Inc. by deed dated January 31, 1961 and to be recorded in the Ulster County Clerk's Office simultaneously with this mortgage.

Dated at the City of Kingston, New York, this 17th day of September, 1963.

NOTICE TO CONTRACTORS

Sealed proposals will be received by the Board of Education, Central School District No. 1 of the Towns of Marbletown, Rochester, Rosendale and Wawarsing, County of Ulster, State of New York, until 2:30 P. M. D.S.T. October 8, 1963 at the Rondout Valley Junior-Senior High School, Accord, New York, at which time and place they will be publicly opened and read for furnishing all labor and materials for a Bus Storage Building on the site of the High School, Kyserike Road, Accord, New York.

A complete set of plans and specifications will be issued to all bidders upon deposit of TWENTY FIVE DOLLARS ($25.00).

Plans and specifications will include:

Contract No. 1—General Construction
Contract No. 2—Electric
Contract No. 3—Plumbing
Contract No. 4—Heating & Ventilating

and may be seen at the office of Harry Halverson & Associates, 230 Fair Street, Kingston, New York. Copies of same may be secured by application to the Architect.

Any bidder returning such plans and specifications in good condition within three (3) weeks from date of opening of bids will be refunded his deposit.

Non-bidders and those requiring additional sets will be refunded TEN DOLLARS ($10.00) for return of each complete set in good condition.

Deposit for plans and specifications shall be to the order of Harry Halverson.

Each proposal for each of the four (4) contracts for work must be accompanied by a bid bond or certified check on a National Bank or Trust Company for five percent (5%) of the Contract Price, made payable to the Board of Education, CSD#1 Towns of Marbletown, Rochester, Rosendale, Wawarsing, New York, as security that if the Proposal be accepted the bidder will enter into a contract for the work.

A Performance Bond and a separate Payment Bond, each for 100% of the Contract Price, will be required for each Contract.

No bidder may withdraw his bid within forty five (45) days after the actual date of opening thereof.

Attention of bidders is particularly called to the requirements as to the conditions of employment to be observed and minimum wages to be paid under the Contract.

The Board of Education reserves the right to reject any or all proposals which may be deemed not to be to the best interest of the said School District.

Floan's 8-Under Tops in Portland

PORTLAND, Ore. (AP) —Gary Floan, who used to go on scoring streaks for the University of Idaho basketball team, now is on a scoring streak in the Portland Open Golf Tournament.

He clipped eight strokes off par in a round of 32-32—64 on the par 36-36—72 Columbia - Edgewater Country Club course Thursday, which put him three strokes under anyone else.

Another newcomer to professional golfing, Frank Beard of Louisville, Ky., was the closest. Beard had 35-32—67.

The older hands were farther back, including Billy Casper of Corona, Calif., Bruce Crampton of Sydney, Australia, and Jack Nicklaus of Columbus. They had identical rounds of 37-35—72. Nicklaus won this $30,000 tournament last year. Casper won it on three previous occasions.

There were 155 starters but 90 of them will be eliminated after today's round. The low 65 will go for the $4,300 top prize.

In good position to challenge as the second round opened were four players at 68. They were Jim Ferrier of Burbank, Calif.; Dean Refram, Boca Raton, Fla.; Buster Cupit, Longview, Texas, and Al Balding, Markland Woods, Canada.

Sanders Leader In Coast Golf

DALMAHOY, Scotland (AP) — Doug Sanders of La Jolla, Calif., was the crowd favorite as a field of 130 golfers went after a $14,000 trick-shot payoff today in the second round of the 72-hole Dalmahoy Golf Tournament.

Sanders shot a 4-under-par 67 Thursday in the opening round and finished one stroke behind Peter Alliss, a British Ryder Cup player.

The first prize for the tournament is $5,600 — but the big attraction today was a prize of $14,000 for a hole-in-one at the short 155-yard 15th hole.

Sanders led the seven-man American contingent in the opening round with 32-35—67 over the 6,663-yard Dalmahoy course. Alliss shot 33-33—66.

Dave Ragan or Orlando, Fla., and John Barnum, of Belmont, Mich., fired 70s; Jackie Cupit, of Corona, Calif., and Bob Rosburg, of Portland, Ore., came in at 71. Earl Stewart, Jr., of Dallas, had a 74, and Billy Maxwell, Las Vegas, Nev., a 75.

Fight of Week Returns to TV

MIAMI BEACH, Fla. (AP)—The first Friday night "Fight of The Week" in three years appears on television tonight (ABC)and features Willie Pastrano, the light-heavyweight champion.

It will be Pastrano's first TV appearance since he lifted the title from Harold Johnson at Las Vegas last June 1 and 'Willie The Wisp" should have no trouble coming off the winner in this non-title bout.

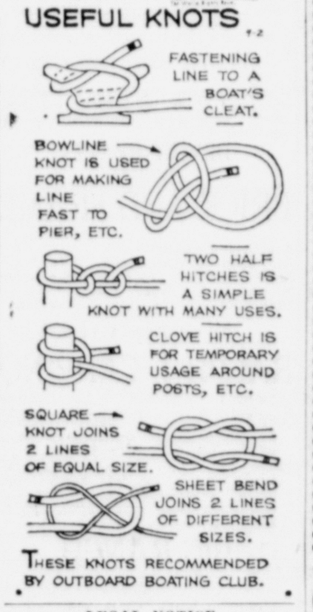

His opponent will be Gregoria Peralta, Argentine heavyweight king making his first appearance in the United States after winning 41 of his 43 professional fights.

Peralta was expected to enter the ring weighing 186, about 10 pounds more than Pastrano.

Pastrano, of Miami Beach, will be making his second start since the Johnson fight. He waltzed away with an easy decision over Ollie Wilson at Jacksonville Aug. 31.

BONFIRE DURING JAKARTA RIOT — Rioting Indonesians make a bonfire with belongings of British embassy personnel outside their residence in Jakarta during demonstration against the Federation of Malaysia. Britain has demanded assurances British lives and property will be protected in the Indonesian capital. (AP Wirephoto)

Many Cubans Rely On Food From U.S.

EDITOR'S NOTE — These impressions of life in Cuba today are by a correspondent of the Camden (N.J.) Catholic Star Herald, which sent him to Cuba. As a British citizen he had ready access to the island and could stay as long as he wanted, which turned out to be nine days. The article was made available to The Associated Press.

By ARTHUR JONES

HAVANA (AP)—The Westerner in Cuba is the lonliest man in the world. He is trusted by neither the people nor the government.

His entry and exit depend entirely on the whim of the government and the on-again off-again Mexico City flight of Cubana Airlines.

Humorous Regardless

But the Mexicans are even more suspicious than the Cubans. Every person using Mexico City to enter Cuba is photographed, checked and rechecked.

Despite the tension, however, the whole affair can be rather humorous. If Cubana's Bristol Brittania leaves on the right day it can be said to be on time—hours mean nothing.

Buckling their made-in-Michigan seat belts on my flight into Cuba were an assortment of Eastern Europeans, some Indonesians, returning Cuban officials and diplomatic couriers. The largest single nationality was Czechoslovak.

Public dining offers only croquettes and various forms of rice. There are about six good — and high-priced — restaurants and I managed. The diet is not balanced. There are few if any vegetables. Since I was somewhat concerned about my citrus intake I managed to get lemon and lime juice by ordering daiquiris without rum. The only drink readily available is rum and cola. Beer is available only on the day it arrives from the brewery. There isn't enough to last long.

Cuban knowledge of America is quite dated. One gun-toting girl who laid her rifle on the store counter to watch me buy Castro Christmas cards and souvenirs, bade me goodby with "See you later alligator."

Concerned About Children

Some Cubans rely on parcels from the United States, Spain and other Latin-American countries to relieve the monotonous diet and supplement the meager quantities they receive.

Mainly there are concerned about their children. "The babies don't play with dolls any more after school. They say 'I'm going to make a speech like Fidel,'" said one mother. Children applaud the Red Chinese in the movies.

Cubans love their country. Many are prepared to stay no matter what. Others have found it easier to go along with the government although they complain it has changed its course.

While only babies and some very old folk receive milk the gun crews can be seen lapping it up by the quart. They got a good supply of meat too.

When I tried to buy some milk I found one loyal son of the revolution. Even at $5 a bottle he refused to part with one of the bottles on his cart.

Chiropracters Install Officers

The annual installation dinner for the Chiropractic Association District 9 and its auxiliary was held recently at the Holiday Inn, Newburgh with members attending from Greene, Ulster, Dutchess, Sullivan and Orange Counties.

Mr. and Mrs. Max Kappler and Robert Levitan attended from this area.

Mrs. James Seely Jr., president of the New York State Auxiliary was installing officer and guest speaker. Her topic was Promotion and Physical Fitness.

Newly elected officers are Bernard Levy, president; Richard Craft, vice president and John D. Killeen, secretary-treasurer.

Auxiliary officers are Mrs. Bernard Levy, president; Mrs. Max Kappler, vice president and Mrs. Richard Craft, secretary-treasurer.

The National Chiropractic Association sponsored Chiropractic Day Sept. 16 marking 68 years of the profession which was licensed July 1 in New York State.

The next meeting will be held at the home of Mrs. Richard Craft, Wawarsing. Mrs. John Hritz, Orange County chairman of the District 9, New York State Federation of Women's Clubs will be guest speaker.

Assault Charge Is Withdrawn on Jones

A complaint charging Joseph Jones, 32, Eddyville, also known as Joseph Bandis, with third degree assault, was dismissed by Justice Allan Dargie Thursday night when the case came before him.

The complainant, Irene McCann of 174 Tilden Street, Port Ewen, swore out a warrant charging Jones with third degree assault alleged to have taken place on Tuesday when he allegedly slapped her face and otherwise molested her.

The warrant was executed by the sheriff's department Thursday afternoon in this city. When arraigned before Justice Dargie of Town of Esopus, Miss McCann withdrew the charge and the complaint was dismissed.

Blaze Destroys Home in Dutchess

Fire destroyed a two-story frame house on Scout Road a half mile east of the Dutchess County Boy Scout Camp Nooteeming, Town of Pleasant Valley, Thursday night, causing an estimated loss of $15,000 to $20,000.

Fire Chief George "Mike" Cady told The Freeman the house was owned by Carl and Jane Lawson.

Three units from the Pleasant Valley Central station and Salt Point Fire Company in charge of Assistant Chief George Cahill responded to an alarm sounded at about 8 p. m. Roosevelt Engine Co. 2 covered Pleasant Valley headquarters and East Clinton Fire Co. stood by in their station.

Fireman Injured

Volunteer Fireman Barry O'Connell of Pleasant Valley suffered a laceration of the hand and was treated at the office of a local physician.

Chief Cady who commanded about 100 firemen at the scene, said the Dutchess County Sheriff's office is investigating the cause of the blaze.

Mrs. Lawson was at work at Vassar Hospital where she is employed as a part-time nurse. The Lawson's infant was at the home of a babysitter when the fire broke out.

Lawson, the fire chief said, left his home about 10 minutes before the fire was discovered to visit at the nearby home of Fire Lieut. Frank Susczynski.

Shortly before 8 p. m. Mrs. Susczynski was on her way home when she saw flames burning up the outer east side of the Lawson home. She sounded an alarm.

Firemen were at the secene more than three hours. The Pleasant Valley ambulance stood-by.

A Day to Remember

CINCINNATI, Ohio (AP)—Robert J. Froehlich will never forget Thursday.

Things started when his son, Joey, 20 months, fell out of bed and broke his collarbone. Froehlich rushed him to the hospital, left, and then hurried back to the hospital when his wife, Sylvia, gave birth to twin girls.

Another crisis awaited him when he got home. He'd forgotten to get a cake for daughter, Ellen, who was 3 Thursday.

Statement on Alabama Bombing

County Liberals Charge Blood on Wallace Hands

The Ulster County Committee of the Liberal Party, meeting in Kingston, Sept. 17, issued the following statement on the bombing of the 16th Street Baptist Church in Birmingham, Ala.:

"Every decent freedom-loving American must be shocked and dismayed at the outrageous atrocity committed by hate-ridden, bigoted madmen, who bombed the Negro church in Birmingham Sunday morning. That blast killed four young children and injured 20 more. Two young Negro boys were shot and killed by local policemen in the melee that followed the bombing. Bombing, killings and violence has been commonplace in that strife-torn city. Bombings have come with such frequency in the Negro section of the city that the area has been dubbed 'dynamite hill.' No less than 50 bombings of Negro homes and churches have occurred in recent years. Local authorities have never apprehended and brought to justice a single perpetrator of these vicious crimes.

"This violence did not just 'happen'. Violence of this nature and magnitude is perpetrated, incited and encouraged, in this case, by the very law enforcement agencies and public officials whose duty it is to uphold the law and provide for the protection of its citizenry. The blood that flows in Birmingham is on the hands of Gov. Wallace and his racist coherts. When the Governor of the State openly espouses a program of defiance of the law; when he uses police and troopers to brutal attack Negro people, peaceably demonstrating for their rights, then he creates the climate in which violence must occur.

"Gov. Wallace and the Birmingham officials who follow his leadership have brought anquish, fear and terror to that community. Only Federal intervention now can restore law and order. The President must be encouraged to use every means at his disposal to bring justice and tranquility to Birmingham.

"The Liberal Party views the Civil Rights legislation proposal by President Kennedy, as an important step in the right direction to provide equal opportunity, dignity and freedom for all people. We urge every citizen to let the President know that we back him in this all important fight. In the case of our Congressmen and Senators, we urge that they be requested to strengthen the Civil Rights proposals and work for their enactment into law.

"Only in this way will we be able to diminish the chances of other 'Birminghams', and prevent a catastrophy from occurring in our Nation."

Quints Complete 1st Week of Life In Healthy State

ABERDEEN, S.D. (AP) — The Fischer quintuplets lay contented and healthy in their special incubators today, not knowing or caring about all the fuss they are creating outside the glass wall of the nursery.

Authorities at St. Luke's Hospital reported the four girls and a boy doing splendidly as they complete their first week of life.

Their feeding steadily increasing in amount, the famous babies now are receiving about two teaspoonsful of artificial milk formula and sterile water every two hours.

James Andrew, the only male of the five born early last Saturday to Mr. and Mrs. Andrew Fischer, continued the most active and eats more than his tiny sisters—Mary Margaret, Mary Magdalene, Mary Catherine and Mary Ann.

Mrs. Fischer will leave the hospital Saturday or Sunday, said Dr. James Berbos, the family physician, who delivered the quints.

Police Continue Probe in Death Attorney Plotkin

Dutchess County authorities are continuing investigation with State Police of the highway death of George Plotkin, 53-year-old Manhattan attorney, which occurred on Taconic Parkway at Salt Point Turnpike, Town of Clinton on Tuesday.

Plotkin, who resided at 305 East 11th Street, New York City, was riding alone and apparently heading south when his car crashed into a bridge abutment. Investigators reported they found no skid marks on the pavement that would indicate the brakes had been applied.

District Attorney Raymond C. Baratta and members of his staff are investigating with state troopers. A verdict has been withheld pending completion of the investigation.

Soup through the ages has played a role similar to bread as a basic food. Every country and civilization has its favorite. In the United States it is considered to be tomato. Both Queen Elizabeth I and Queen Victoria were fond of sipping mutton soup to wake up their morning appetites.

Asks More Testimony

SOREL, Que. (AP)—An international commission called for more testimony today on the proposed New York-Montreal seaway, after having heard only favorable views from organizations in the area of St. Johns, Que.

St. Johns, on the Richelieu River, is 20 miles southeast of Montreal. Sorel, at the junction of the Richelieu and the St. Lawrence, is 40 miles northeast of Montreal. The proposed waterway would be through the Richelieu to Lake Champlain and the Hudson River.

Adults to Sign For RV Classes Sept. 23 and 24

Registration for the fall semester of the Rondout Valley Adult Education program will be held Monday, Sept. 23, at 7 p. m. in the cafeteria of the high school. Tuesday night, Sept. 24, registration wil be held in the Marbletown school building at seven o'clock in the cafeteria.

Th following courses are to be offered during this semester:

Typing for beginners, Woodworking for Men and Women Standard First Aid Course, Sewing for beginners, Elementary Art, Ceramics for beginners, Preparation for a Learner's Permit, Driver Training, Americanization for the Foreign Born, Physical Fitness for Women, Bookkeeping for beginners, Automechanics Machine Shop 1, Planning Your New Home, Metal and Leather Craft, Elementary Photography, Rug Hooking, Welding 1.

The following courses will be held for any adult who wishes to complete his elementary or high school education:

High School Equivalency refresher course, Elementary subjects Mathematics, Science, English and Social Studies.

There must be a minimum registration of 12 adults before a class will begin.

who is not attending regular high school may enroll.

A brochure will be on display in the cafeterias explaining the educational objectives of each of the courses being offered this semester.

Further information may be obtained by calling Charles Ayasse, director, at the Marbletown school, during school hours.

Dutchess Man Is Ruled Suicide

A 72-year-old retired Dutchess County blacksmith ended his life Thursday by shooting himself in the head with a 12-gauge shotgun, according to Rhinebeck State Police.

BCI Investigator Richard Cobey, who investigated with Trooper Edward Scribner and Dr. E. Alan Larkin, Amenia, an assistant Dutchess county medical examiner, identified the victim as Peter Hansen, who resided at the home of Walter Eden, East Main Street, Pine Plains, where the shooting occurred.

Dr. Larkin, troopers said, gave a tentative finding of suicide pending a formal inquest to be conducted before Dr. Chester H. Golding, Wappingers Falls, Dutchess county medical examiner.

According to Investigator Cobey, Eden, who operates a restaurant at Rhinebeck, went to his home as he usually did to see the elderly man shortly after 2 p. m. yesterday and found Hansen dead in a chair in the living room.

Troopers were notified, and learned that Hansen apparently sat in the chair and then shot himself in the forehead. The shooting ocurred, troopers said, between 10:30 a. m. and 2:15 p. m.

YOUNG GOP PLANS ROAD RALLY—Jason Goumas, Christine Gallop, Chairman Judy Petro and Rosemary Wolff discuss plans for the Road Rally, sponsored by the Ulster County Young Republican Club, which will take place Sunday, Sept. 29. Place of departure is the Park Diner parking lot. Judy Petro says that a Road Rally starts out where each participating car is given a set of clues, in poem form, which include directions to a place where a picnic will be held. The object of the Road Rally is to see which car can find the picnic area first. A 'panic letter' also is given to the drivers so that in case they get lost, the letter can be opened and the location of the picnic area will be revealed. A nominal fee will be charged to cover the cost of the food and beverages for the picnic. Also discussed was the formation of the Young GOP Bowling League again this year. Teams have been formed and the bowling night is Tuesday at 8 p. m., at Sargi's Bowlero. Jason Goumas, president of the bowling league may be contacted about team line-ups.

Area Dairy Farm Uses New Sturges Heat Recovery Unit

Bel-Air Farms on Route 44 between Millbrook and Amenia, Dutchess County, designed to milk 1,000 cows a day, is the latest and largest enterprise to recover and utilize waste heat from refrigeration compressors through use of the Sturges "Thriftchanger." The unit is designed and built by Sturges Heat Recovery, Inc. Paul Sturges of Stone Ridge, is president.

The Millbrook dairy farm, a "California pie" or fan-shaped layout, is said to be the most modern east of the Mississippi.

Well Water Heated

In designing the milk plant, special attention was given to an economical heating of some 800 gallons of well water daily, plus the modern building which houses the milk parlor (where 12 cows are milked at one time), a large milk storage room, a locker room with showers and lounge, a laboratory, and modern office and reception lodge.

The milking parlor must be protected from frost and sufficiently warm (40 to 50 degrees) for milking operations. Parlor doors are opened and closed frequently to admit and let out cows twice a day. It takes only about three minutes to milk a cow.

All these heating requirements are met through use of a heat-exchanger economizer, called the "Thrift-changer," supplemented with baseboard radiation, circulating hot water from an Edwards electric boiler. Heat for hot water and heating, except in the very cold days of winter, is provided by the heat-exchanger which captures and uses the heat from compressors, normally wasted.

About 30,000 pounds of milk a day from 1,000 cows must be cooled from temperatures of 100 degrees to 40 degrees. This waste heat is converted to space heating and for heating water. The dairy is electrically operated and any extra heat required during very cold winter weather is supplied from an electrically fired boiler.

Featured in Article

Bel-Air Farm Dairy. H. Joerg Meile, farm manager, is the subject of an article in the July-August issue of Farm Electrification, a publication of Edison Electric Institute of New York City, and also the September issue of Refrigeration Service and Contracting, a monthly trade publication devoted to the refrigeration service. Both publications stress the use of the Sturges "Thriftchanger" in utilizing the usually wasted heat from the cooling process.

A De Laval milking, cooling and milk storage system is used. Milk is cooled as it comes from a pipe line through a plate heat exchanger, first by well water, then by circulating sweet water to 40 degrees before it is discharged into a 5,000 gallon stainless steel tank.

Cooperation with Meili in planning the "all electric" dairy was Paul Burdett, Farm Service Representative and Don Payne, agricultural engineer for the New York State Electric and Gas Corporation.

Preferred energy for a milk plant is electricity, because it is odorless and offers minimum fire hazard. Fire insurance rates are less, if no open fire is used. Air-cooled condensors could be used as warm air heaters in a forced air system, but this system is unsatisfactory in milking parlors and also return air would carry animal odors to other rooms and offices.

Recommended Copper

The answer to economical and efficient space heating was supplied when engineers recommended use of copper tubing in the concrete floors to serve as radiant heat panels and to utilize the 95-degree water available from the water condensors. This over-all concept of recovering and utilizing heat from the refrigeration compressors was designed by Sturges.

He found that the maximum heat loss in ten degree below zero temperature was 100,000 BTU's per hour. The heat recovery system supplies 70,000, leaving only 30,000 BTU's per hour to be supplied by the electric boiler in extreme cold weather.

Extra hot water not required for heating or other use is stored in a 500 gallon tank for use on demand.

Both articles deal in technical terms with the operation of the system.

It is pointed out that as soon as milk production reaches 24,000 pounds, all hot water used in the entire milking center is drawn directly from the Thriftcharger, which is heated solely by the superheat in the refrigerant discharge.

Phoenicia Branch Bank Celebration Closes Saturday

The 10th aniversary week celebration of the opening of the Phoenicia Branch of Kingston Trust Company will come to a conclusion on Saturday when an "open house" will be held from 1 to 5 p. m. Throughout the week many have called at the bank to register for a special award which will be given at the open house.

There will be orchids for the women who attend the open house.

Present at the open house will be Elliott Bell, who was on the State Banking Board at the time the Phoenicia Branch was opened ten years ago.

Officials of the Kingston Trust Company extend an invitation to the public to attend the open house Saturday and inspect the Phoenicia Branch, which was one of the first branch banks to be opened in the county.

Check Ellenville Crash

Ellenville state police early this morning investigated a one car personal injury accident on Route 52 a mile and half east of Ellenville. Samuel Rasunny, 36, of 8 Kossar Place, Ellenville, lost control of his car as he was traveling east at 2:15 a. m. today. The car struck guard rails on the left side of the road. He was alone at the time.

Returned to School

A 14-year-old boy who disappeared from the Highland Training School for Boys was picked up today and returned to the school by state troopers. It was reported the boy broke into a hardware store at Highland and took a rifle and ammunition and fired several shots during the early hours, but harmed nothing.

Kingston Model Rail Club Holds 26th Anniversary

The 26th anniversary of the Kingston Model Railroad Club Inc. was celebrated Thursday evening with an "Old Home Night" at the club quarters at 541 Broadway.

Lewis DeGraff, a director of the club, was in charge of the program which included operations of the "Hudson Valley Lines," quarter-inch scale model railroad system of the club, a viewing of portions of the club's film history dating back to shortly after its organization, and a smorgasbord refreshment period. There was also a slide presentation on the subject of transportation by Lewis R. Wallace, club vice-president.

Some members of the club who have not been active recently were present to enjoy the evening's festivities, and were welcomed by club president Walter W. Phillips. A feature of the evening was the "unveiling" of the club's new colored lighting system, designed to highlight the scenery painting on the walls of the miniature railroad system.

Members in attendance at the anniversary celebration included Walter W. Phillips, Lewis R. Wallace, Henry P. Eighmey, Lewis DeGraff, Donald White, Phillips Eighmey, James Swartzmiller, Walter Scharp, Kenneth E. Martin, L. Graham Bell, the Rev. W. K. Haysom, George Koerner and Richard Tongue.

Operations on the club's railroad system was in the nature of a preview of the annual show, scheduled for November 3 through the 10th.

Indonesia Keeps Trying

JAKARTA, Indonesia (AP)—Indonesia strove today to mend frayed relations with Britain, checking further demonstrations and announcing that it will protect foreign properties from seizure.

Government-controlled news and radio agencies said President Sukarno specifically barred the takeover of British companies without his approval.

DON'T HESITATE — JUST INSULATE

"Well son, he's a man who sells insurance but is in business for himself. He's fiercely independent . . . not tied to any one company on a salary basis but represents many on a straight commission. His first interest is his customer and he'll go to bat for him in settling a claim. Independent agents sell most of the insurance in America.
